Agenda Item D.

#### CONSENT CALENDAR

#### **ACTION ITEM**

**ISSUE**: The Board of Directors should review items on the Consent Calendar and, if there is any item requiring clarification or amendment, such item(s) should be removed from the agenda for separate discussion. The Board of Directors should approve the Consent Calendar excluding those items pulled. Any items removed from Consent will be agendized later during the meeting as recommended by the President and approved by the Board.

FISCAL IMPACT: Unknown.

**RECOMMENDATION:** It is the recommendation of Staff to approve the Consent Calendar after review by the Board of Directors.

**BACKGROUND:** The Board places the following items on the Consent Calendar for approval. The Board may approve the Consent Calendar items as presented, or any individual may request that an item be pulled for discussion and separate action during the meeting. Remaining items would then be approved by action of the Board.

#### F. ADMINSITRATION REPORTS

#### F1. President's Report

Mr. Steve Kimbrough advised that the City of Corning has hired a new City Manager. He inquired if another board member would be interested in assuming the role of NCCSIF Board President as he felt that he should resign as he is not a city employee any longer, he is a contract employee

#### F2. Program Administrator Report

Ms. Susan Adams advised that information regarding CAJPA's Annual Conference to be held September 18-21. 2012 in S. Lake Tahoe has been included in today's Agenda Packet reminding the Board that annually each member has \$3,000 available in the budget for Seminars and Conferences.

#### G. FINANCIAL REPORTS

#### **G1.** Quarterly Financial Report for Period Ending March 31, 2012

Mr. James Marta gave a brief Quarterly Financial Reporting advising that Liability Shared Risk claims have grown leading to the depletion of NCCSIF's liability reserves as discussed at the previous Board of Directors meeting in April.

A motion was made to approve the Quarterly Financial Report for Period Ending March 31, 2012.

MOTION: Tim Sailsbery SECOND: Dixon Coulter MOTION CARRIED

#### H. JPA BUSINESS

#### H1. Loss Portfolio Transfer – Alliant's offer to reimburse costs spent

Ms. Adams advised that at the last NCCSIF Board of Directors meeting, a member requested the offer by Alliant to be re-visited, addressed and approved by the full Board. The Executive Committee had previously taken action that may not have been within their authority.

A motion was made to decline Alliant's offer to reimburse the costs incurred for due diligence of the Loss Portfolio Transfer.

MOTION: Tim Sailsbery SECOND: Dixon Coulter MOTION CARRIED

## **H2.** Approval of One Year extension of York's Liability Claims Administration Contract

Ms. Adams explained that at the last NCCSIF Board of Directors meeting a member also requested to re-visit this item to be addressed and approved by the full Board as well.

A motion was made to approve the One Year extension of York's Liability Claims Administration Contract.

MOTION: Karin Helvey SECOND: Robin Bertagna MOTION CARRIED

#### H3. Conflict of Interest Code

Ms. Adams advised that the Conflict of Interest Code is to be reviewed and approved by the Board of Directors every even numbered year and a Mutli-County Agenda Biennial Notice is to be sent to the California Fair Political Practices Commission (FPPC) advising whether there are updates. NCCSIF's Conflict of Interest Code has been amended to comply with the new FPPC Filing requirements.

A motion was made to approve the Amended Conflict of Interest Code.

MOTION: Tim Sailsbery SECOND: Dixon Coulter MOTION CARRIED

#### H4. Coverage Issues: RDA Successor Agencies (And Oversight Boards)

Ms. Adams addressed the coverage issues regarding Redevelopment Successor Agencies and Oversight Boards explaining that CJPRMA will be reviewing the issue at their upcoming Board meeting. Ms. Adams recommends that the Board give authority to the Executive Committee to approve the final endorsement wording, effective retroactive to February 1, 2012 to follow form with CJPRMA wording if they make any changes.

A motion was made to authorize the Executive Committee to approve the final endorsement wording as needed.

MOTION: Dixon Coulter SECOND: Liz Ehrenstrom MOTION CARRIED

**ABSTAIN:** Michael Daly

#### **H5.** NCCSIF 2012/2013 Memorandums of Coverage

#### H5a. Workers' Compensation

Ms. Adams advised that CSAC-EIA, NCCSIF's Excess Workers' Compensation provider, has amended their coverage documents effective July 1, 2012 as respects coverage for Occupational Disease to mirror the Labor Code LC 5500.5. Employers liable for occupational disease or cumulative injury (States in part:) "...as determined pursuant to Section 5412, or the last date on which the employee was employed in an occupation exposing him or her to the hazards of the... occupational disease or cumulative injury, whichever comes first."

A motion was made to approve the NCCSIF 2012/2013 Workers' Compensation Memorandum of Coverage incorporating the changes noted above.

MOTION: Liz Ehrenstrom SECOND: Tim Sailsbery MOTION CARRIED

#### H5b. Liability

Ms. Adams explained that the NCCSIF Liability Memorandum of Coverage has been amended to correct a discrepancy under Section 2 Limits of Liability. The current language states "The Limits of Liability applicable to this Memorandum are as stated under Item 6 of the Declarations". Staff recommends correcting this statement to reflect "Item 7 of the Declarations".

A motion was made to approve the NCCSIF 2012/2013 Liability Memorandum of Coverage incorporating the changes noted above.

MOTION: Liz Ehrenstrom SECOND: Michael Daly MOTION CARRIED

**H6.** Final 2012/13 Deposit Calculations

MOTION: Karin Helvey SECOND: Gina Will MOTION CARRIED

#### H7. 2012/13 Property Program Renewal

Ms. Adams explained that staff did market the Property program with CJPRMA and a wholesaler. The wholesaler refused to quote the program as they did not wish to market against PEPIP. Ms. Adams then gave an overview of the coverage provided by CJPRMA vs. PEPIP noting that CJPRMA's property program has a \$25,000 deductible and PEPIP has a \$5,000 deductible. Ms. Adams also advised the Board that the agenda item included a comparison of coverages and that the Board should take notice that PEPIP does include coverage for Cyber Liability in their program and CJPRMA's does not.

Mr. Marta explained that the lower deductible provided by PEPIP offers stability over the losses incurred. Ms. Kristine Wilfong requested that staff provide quotes with different deductible options for next year's property renewal.

A motion was made to approve renewal of the 2012/13 Property Program with Alliant's PEPIP program.

MOTION: Russell Hildebrand SECOND: Kristine Wilfong MOTION CARRIED

#### H8. 2012/13 Crime Program Renewal

Ms. Adams advised that the premium has increased by 3% from the prior year.

A motion was made to approve the renewal of the 2012/13 Crime Program with National Union Fire Insurance Company of Pittsburg, PA as presented at today's meeting.

MOTION: Gina Will SECOND: Sandy Ryan MOTION CARRIED

#### H9. Final 2012/13 NCCSIF Budget

Ms. Adams explained the Risk Management Committee has amended their budget at the prior Risk Management Committee meeting removing the funds allocated to BackSafe (FIT), and reallocating \$40,000 to Injury and Prevention Training reducing the total Risk Management budget by \$40,000.

A motion was made to approve the 2012/13 NCCSIF Budget with the amended changes.

MOTION: Russell Hildebrand SECOND: Michael Daly MOTION CARRIED

#### H10. California Association of Joint Powers Authorities (CAJPA) Accreditation Update

Ms. Adams advised that NCCSIF has been accredited with Excellence pending the receipt of one item which has been requested by staff. Mr. Marta advised that upon receiving a CAJPA Accreditation with Excellence NCCSIF will also receive a \$7,500 annual credit off of their CSAC-EIA (excess workers' compensation) premium.

#### F. FINANCIAL REPORTS

#### F1. Quarterly Financial Report for Period Ending June 30, 2012

Ms. Alana Theiss from James Marta & Company gave a presentation regarding the Quarterly Financial Report for Period Ending June 30, 2012. Ms. Theiss advised that the pool itself showed a loss which was due to dividends paid out of \$4.4 million. The NCCSIF Liability Shared Risk layer is currently in a deficit of \$865,000 which should be discussed by Board. This was due to large claims paid as well as large adjustments. Mr. James Marta will be available to discuss the item in further detail with the Board of Directors. She then advised that the NCCSIF Workers' Compensation Shared Risk layer equity remains healthy noting that the actuary decreased the WC Shared Risk liabilities from previous years.

A motion was made to receive and file the Quarterly Financial Report for Period Ending June 30, 2012.

MOTION: Tim Sailsbery SECOND: Sandy Ryan MOTION CARRIED

#### F2. Update on YE 2012 Financial Audits

Ms. Theiss provide the Committee with an update on the NCCSIF Financial Audits for Year Ending 2012 advising that a draft has been received showing no adjustments. The Committee requests a Finance Committee meeting to be scheduled to review the Draft Financial Audits. Ms. Theiss will schedule the meeting accordingly.

#### G. JPA BUSINESS

#### G1. Review of Preliminary 2013 Meeting Calendar

Ms. Adams explained to the Committee that the Preliminary 2013 Meeting Calendar primarily schedules upcoming meetings on the third Thursdays of each scheduled month with exceptions to those conflicting with CJPRMA meeting dates. No action was taken on this item.

#### **G2.** Long Range Planning Items

#### **G2a.** Long Range Planning Items List

The Long Range Planning Items list is presented as an information item and will be a working document detailing the needs of the JPA.

#### G2b. Discussion of December 13, 2012 Long Range Planning Meeting

Ms. Adams advised that in order to receive the CAJPA Accreditation with Excellence a JPA must have a Long Range Planning Session every three years. Staff recommends considering Long Range Planning session as a part of a regular Board meeting in December to address the financial components of the NCCSIF pool that are currently impacted due to the economy which would include the following: Issues with the Liability shared layer; Confidence level funding; Investment income rates used for discounting losses; Assessments and Distributions from Retrospective Rating programs; and Financial solvency of members.

Upon further discussion, the Committee decided to hold a Long Range Planning meeting prior to NCCSIF's December Board of Directors meeting recognizing the time constraint presented at the previous Long Range Planning/Board of Directors meeting in the prior year. Staff will present possible meeting dates to the Board of Directors for approval at the October 18, 2012 Board of Directors meeting.

A motion was made to approve a Long Range Planning meeting prior to the December 13, 2012 Board of Directors meeting.

MOTION: Steve Kroeger SECOND: Karin Helvey MOTION CARRIED

#### **G3.** Lunchtime Presentation

Ms. Adams advised that staff has provided a list of presentations for upcoming Board of Directors meetings upon which Mr. Tim Sailsbery suggested removing the Investment Report from Chandler and requesting Chandler to present to NCCSIF on an annual basis.

Mr. Kroeger suggested having members discuss past claims and their approach for other members to take home. Ms. Adams advised that York would be able to provide a presentation regarding losses that occurred within other entities that may pertain to NCCSIF members.

A motion was made to approve the list of recommended lunchtime presentations as discussed above.

MOTION: Steve Kroeger SECOND: Karin Helvey MOTION CARRIED

#### **G4.** Property Appraisals

Ms. Adams advised that staff has issued a Request for Proposal (RFP) which was sent to seven vendors of which three proposals were received from American Appraisal, AssetWorks, and Cbiz. The proposals included property and contents for all members based on the current schedule of locations that is used for the PEPIP program. Out of the three proposals AssetWorks offered the lowest price at \$120,500. Ms. Adams advised that the Executive Committee approved a budget of \$70,000 for the Property Appraisals and suggested delaying the property appraisals another year due to budgetary purposes.

Mr. Kroeger suggested discussing the possibility of splitting the cost over a two year period. Upon further discussion the Committee directed staff to approach AssetWorks with a two year agreement option.

A motion was made to request a 2 year agreement option from AssetWorks splitting the cost of the NCCSIF property appraisals over two years.

MOTION: Tim Sailsbery SECOND: Steve Kroeger MOTION CARRIED

#### **G5.** CAJPA Accreditation Update

Ms. Adams explained that the CAJPA Audit was finalized at the June 11, 2012 CAJPA Accreditation Board meeting and NCCSIF was approved for "Accreditation with Excellence". \$5,850 was budgeted and paid for the 2011/12 fiscal year for this review and Accreditation with Excellence results in a \$7,500 credit towards NCCSIF's Excess Workers' Compensation premium with CSAC-EIA. An award will be presented by a representative from CAJPA at the next Board of Directors meeting in October.

#### **G6.** Police Risk Management Committee Meeting Discussion

Ms. Adams advised that a Police Risk Management Committee meeting was held on August 13, 2012 at Yuba City Police Department with a great turnout. The Police Risk Management Committee reviewed losses, discussed exposures and hosted a training session. Ms. Adams also noted the Police Risk Management issues which were brought to light that are in need of financial assistance possible from the JPA. Also, a Chair and Vice-Chair were appointed at the Police Risk Management Committee meetings to report items pertaining to the Police Risk Management Committee.

A motion was made to continue the Police Risk Management Committee meetings on a quarterly basis.

Mr. John Ruffcorn, City of Auburn volunteered for the Chair position and Mr. Paul Nanfito, City of Red Bluff, volunteered for the Vice-Chair position.

#### E. RISK MANAGEMENT

#### E1. Police Liability and Workers' Compensation Claims Analysis

Mr. Tom Kline presented to the Committee the Police Liability and Workers' Compensation Claims Analysis. With respects to Liability the three most frequent Causes of Loss were Auto Liability, Civil Rights and Third Party Property Damage claims. The three most severe Causes of Loss were Auto Liability, Excessive Force and False Arrest.

With respects to Workers' Compensation the five most frequent Causes of Loss were Contagious Disease Exposure, Repetitive Motion, Slip & Fall, Strain and Struck by or Against. The most sever Causes of Loss were Miscellaneous, Repetitive Motion, Slip and Fall, Strain and Struck by or Against. Staff was asked to provide more detail on the Miscellaneous Category and show losses related to Taser Usage in future meetings.

Ms. Adams advised that claims are available through the York website via Claims Connect provided by York and if any member desires access to put in a request with the Program Administration staff.

#### F. ROUND TABLE DISCUSSION

Upon reviewing the Claims Analysis Mr. Kline proceeded to ask the Committee to provide any exposures that may be important to consider. The exposures discussed consisted of the following: New vehicles; Tasers; Vehicle Inspection; Technology Advances; Driver Distractions; Fleet Safety.

With respects to Workers' Compensation the Committee discussed the following exposures: Weight Training; Fitness Funding; AB2451 Pension Reform; Defensive Tactics; Equipment Weight; Taser Usage; Contagious Diseases and Aerosol Transmissible Diseases.

Mr. Kline also advised the Board of possible Aerosol Transmissible Diseases Workshops which are available for the Committee.

#### G. POLICE TRAINING SESSION (ASSESSING POLICE PERFORMANCE)

Mr. Mark. J. Wittenberg, a veteran police manager, hosted an intermediate to advanced level police training session. This session provided the Committee with assessment principles used to reduce police department exposure to costly litigation. Topics included:

- The five red flags of poor police performance
- The four elements of police culture that drive outcomes
- The three things you can do now to improve morale, protect jobs, and build trust with the community
- How to decide if an assessment is needed

#### E. RISK MANAGEMENT BUSINESS

#### E1. Police Risk Management Committee Meetings

Ms. Susan Adams explained that the Board of Directors was unsure as to how valuable the Police Risk Management Committee (PRMC) Meetings were and directed staff to hold a Risk Management Committee meeting with invitations sent out to Police Chiefs to attend and give feedback and thoughts regarding the continuation and format of future PRMC meetings.

Mr. Jeff Johnston introduced the Bickmore staff consisting of Henri Castro, Tom Kline and himself and provided a brief history of the staff's background. He then proceeded to give a presentation regarding police risk management training and meetings they currently provide for another client, the Central San Joaquin Valley Risk Management Authorities (RMAs) that Bickmore hosts PRMC meetings for. Mr. Tom Kline then discussed the current formats utilized by ICRMA, BCJPA and CSJVRMA with respects to PRMC meetings. He touched on the following topics/ideas:

- Police Liability
- Police Roundtable discussion
- Police Representation on the Risk Management Committee
- Police Forums

- Use of Force
- Reducing Liability

Mr. Kline then discussed the claims exposure which needed the focus of the PRMC and touched on a few which were ethical decision making, officer involved shootings and assessments of police performance.

Ms. Henri Castro also discussed the CalOSHA regulation regarding Aerosol Transmissible Diseases and how this affects the Police Department advising of Bickmore's CalOSHA blessed program regarding the exposure.

Mr. Kline provided talking points to discuss the possible procedures and format of PRMC meetings which were as follows:

- Committee Purpose
- Formal vs. informal
- Format
- Attendance
- Meeting Times
- Accountability

The RMC asked the Police Department representatives attending the meeting for their input on future meetings, are they necessary, which do they prefer, teleconferences or in person meetings and topics and format for future meetings. There was much discussion with the majority stating that in person meetings are the most valuable, but would like the option of having telephone and/or video conferencing services available if they cannot make the meeting in person.

The consensus of the discussion by the attendees the Committee was to have quarterly PRMC meetings with teleconferencing option available. The start time of the meeting will be from 10:00 am to 12:00 pm or 9:00 am to 11:00 am. The meetings will be Agendized with minutes provided including a Round Table discussion at the end of the meeting. The Agendas would also provide Loss Analysis of the Police Department by member. These meetings are to be held on Thursday with the first meeting being held in August. It was also decided that Yuba City will be the location where the PRMC meetings will be held. Natalie Walter from Yuba City will speak to their police department about holding these meetings in their location. Staff recommended that the PRMC appoint a representative to attend the RMC meetings to advise the RMC of their meetings, what was discussed and outcomes.

A motion was made to continue the Police Risk Management Committee meetings subject to the decisions above.

MOTION: Ron Lawrence SECOND: Dixon Coulter MOTION CARRIED

#### E2. Risk Control Services Summary as of June 1, 2012

Ms. Henri Castro provided the Committee with a Summary of the services provided by BRS as of June 1, 2012. She also advised the Committee that the Vendor Services/Employee Training Matrices have been finalized and will be updated on an annual basis. These resources will be available on the website. Ms. Natalie Walter requested the Summary be provided showing the updates from prior meetings.

#### E3. Upcoming Services

Ms. Henri Castro advised the Committee that Bickmore has completed the assessment for the City of Galt. Mr. Johnston advised that Teri Norris will be brought on to assist Ms. Castro with the initial member assessments to help speed up the process of completing all of the assessments for NCCSIF members.

#### E4. Review and Approval of Risk Management Policy & Procedure for Volunteers

Ms. Adams explained that at the April 26, 2012 Risk Management Committee meeting, staff was directed to draft a policy and procedure regarding the use of volunteers by members. This issue was raised by various members addressing the use of volunteers and whether this increases the city's Workers' Compensation or Liability Costs.

Ms. Castro drafted a Policy and Procedure following CSAC's current Policy and Procedure regarding the use of volunteers. There was discussion regarding whether this Policy and Procedure should be provided as a requirement or a general guideline to all members. Ms. Castro was asked to revise the draft P&P to detail the areas that are required by members and those that should be used as a guideline.

#### **E5.** Fire Services Training from TargetSolutions

Ms. Adams explained that the Board of Directors and the Executive Committee has discussed the Lexipol Fire Policy Manual and determined that the information provided was not of interest and did not justify the annual cost of \$103,000. TargetSolutions provides NCCSIF online training which is purchased at a discounted cost through CSAC-EIA and they also offer Fire Training classes. NCCSIF Fire Chiefs were contacted and asked to review this training to determine if it is of interest and value to them. Staff has been directed to provide Fire Chiefs with specifics regarding the services available through TargetSolutions.

#### E6. BackSafe (FIT) Loss/Utilization Analysis

Ms. Adams explained that staff has been directed to provide an analysis to determine if the services received from BackSafe (FIT) resulted in reduced frequency and severity of back injury losses. Ms. Adams explained that in reviewing the analysis, there has not been significant

decrease in the severity or frequency of back losses. The majority of the losses were due to back losses from the Police and Fire Departments.

There was further discussion regarding possible alternatives to BackSafe training upon which Ms. Castro offered to look into specialized training to assist in back losses.

A motion was made to discontinue the utilization of services from BackSafe (FIT) for the 2012/13 program year.

MOTION: Russell Hildebrand SECOND: Dixon Coulter MOTION CARRIED

#### E7. Review and Approval of 2012/13 Risk Management Budget

Ms. Adams explained that the major changes from the prior year for Risk Management Expenses are as follows:

- Included \$15,000 for member requested training that is not included in services received from Bickmore Risk Services, i.e., Confined Space, Certificate Pool Operators, Employment Practices Liability, etc.
- Online Risk Management Services was reduced from \$41,800 to \$12,000 to more accurately reflect actual usage compared to anticipated usage
- FIT/Backsafe is increased from \$75,000 to \$80,000 to more accurately reflect usage

A motion was made to approve the 2012/2013 Risk Management Budget upon removal of \$80,000 Backsafe (FIT) budget with an allocated \$40,000 to Injury Prevention Training.

#### ACCREDITATION REPORT OF NORTHERN CALIFORNIA CITIES SELF-INSURANCE FUND (NCCSIF)

Dear Susan and Joan:

Your attendance at yesterday's meeting was greatly appreciated by me and the CAJPA Accreditation Committee; we always enjoy seeing that level of participation.

Enclosed is one copy of the Final Accreditation Report for Northern California Cities Self-Insured Fund (NCCSIF). The Accreditation Committee has approved NCCSIF's Conditional Accreditation pending their completion of the specified requirement.

A six month timeframe from June 11, 2012 would be applicable to providing evidence in compliance with the requirements for Full Accreditation.

Please contact me if you have any questions regarding compliance. You may forward all documentation to me. I would like to extend a note of gratitude to the Northern California Cities Self-Insurance Fund and the Alliant Insurance Services' staff for your combined cooperation and patience throughout the process and continued support of the CAJPA Accreditation process.

Sincerely,

CAROL J. WELLS, ARM Vice-President

#### I. BACKGROUND

#### A. Description of JPA

Northern California Cities Self Insurance Fund (NCCSIF) was established in 1979 and operates as an excess liability and workers' compensation pool. It is one of the first pooled municipal insurance programs in the State (its original target audience was medium sized Northern California cities).

NCCSIF has a Board of Directors of 21 member representatives appointed by the City Council of each member agency. The Executive Committee of the Board consists of seven voting members and two non-voting members of the Board and acts as a steering committee for overall operations of the Joint Powers Authority (JPA).

Exposure Data: 2011/2012 Payroll is \$152,624,595. Property TIV of \$750 million in 2011.

#### **MISSION STATEMENT:**

The Northern California Cities Self Insurance Fund (NCCSIF) is an association of municipalities joined together in 1979 to protect Member resources by stabilizing risk costs in a reliable, economical and beneficial manner while providing members with broad coverage and quality services in risk management and claims management.

#### SUMMARY OF COVERAGE FOR VARIOUS PROGRAMS

NCCSIF also continues a group purchase arrangement for their <u>Property Program</u> through PEPIP (Public Entity Property Insurance Program) which is an all-risk program subject to a \$1billion limit per occurrence and is subject to a \$5,000 deductible. Boiler and machinery is also included at a \$100m limit with a \$2,500 deductible. Selected members also insure for auto physical damage & flood coverage excess of a \$100,000 deductible (or \$250,000 for flood zones A & V). Approximately 12 of the 20 members participate and some selected members also insure for flood coverage through the same program.

NCCSIF's <u>Crime Program</u> (group purchase) provides for employee theft coverage, forgery and computer fraud through National Union (a Chartis/AIG Company). Twelve of the twenty one members participate and the occurrence limit is \$1,000,000 subject to a deductible of \$5,000.

NCCSIF's <u>Physical Damage Program</u> is written with the Western States Public Entity Physical Damage Program, which is written through Beazley Lloyd's Syndicate. Eleven of the twenty one members participate. The deductible varies for each member as selected annually.

NCCSIF also offers an <u>Employee Assistance Program (EAP</u>) through ACI Specialty Benefits, 15 of 20 members participate through individual purchasing.

#### Current Program Structure for Pooled Programs

NCCSIF's Program is split into two pieces, a banking layer (each member is directly responsible for its actual losses in this layer) and a shared risk layer (losses are pooled among members).

#### **B.** Consultant Activities

On February 3, 2012 the Consultant received the requested materials from Joan Crossley and Susan Adams of Alliant Insurance Services, Inc. with additional information mailed on April 23, 2012.

#### C. Limitations

California Association of Joint Powers Authorities (CAJPA) Accreditation Program reviews the organizational structure and activities of a joint powers authority (JPA), comparing the JPA with standards adopted by the Association believed to be advantageous to the preservation and performance of the individual JPA and JPAs in California as a whole.

Our review was conducted for the purpose of forming an opinion on the general operations of the JPA, and its compliance with governmental regulations. The review also includes an examination of documents prepared by other professionals relating to actuarial soundness and financial stability of the JPA.

CAJPA does not guarantee that accreditation by CAJPA ensures the solvency or liquidity of any JPA at the time of the accreditation or any time before or after such accreditation, neither does the accreditation guarantee that an accredited JPA is administered in such a way that the JPA and its programs are, or will continue to be, financially sound.

#### D. Distribution and Use

This report has been prepared solely for the internal use of CAJPA as a guide in determining the applicant's compliance with the CAJPA Accreditation Standards in force at the time of the accreditation review. No further use or distribution is authorized without the prior written consent of CAJPA and Carol Wells, SRS, LLC Insurance Services.

Judgments as to the conclusions, recommendations, methods, and data contained in the report should be made only after studying the report in its entirety and understanding the limitations inherent in the analysis, as outlined in the "limitations" section. Of particular note is the limitation that we cannot assure or guarantee the financial soundness of the applicant JPA.

The supporting data, analysis, description, exhibits, and appendices to this report are provided to support the conclusions stated herein and are not necessarily suitable for any other purpose. Furthermore, CAJPA and its accreditation consultants are available to explain any matter presented herein, and it is assumed that the user of this report will seek such explanation as to any matter in question.

#### II. FINDINGS AND RECOMMENDATIONS

**Recommendation:** We find that **Northern California Cities Self Insurance Fund (NCCSIF)** is in substantial compliance with current Accreditation Standards. It is recommended that NCCSIF be granted continuing <u>Accreditation status of Excellence</u> pending satisfaction of the requirement contained herein. It is further recommended that accreditation be continuous, effective September 26, 2011 for a period of three years.

#### A. Requirements for Full Accreditation

#### II. Government Rules

<u>Requirement #1</u>: A.1-2. NCCSIF should file a notice for any membership changes with regards to the addition of the City of Ione which was effective July 1, 2010 with the Secretary of State.

## None. Suggestions

None.

I wish to express my appreciation to the staff at Alliant Insurance Services, Inc. and to the NCCSIF, Board President, for their cooperation in the preparation of this report.

Respectfully submitted,

Carol J. Wells, ARM CAJPA Accreditation Consultant

#### ACCOUNTANT'S REPORT

Board of Directors Northern California Cities Self Insurance Fund 701 Howe Avenue, Suite E3 Sacramento, CA 95825

We have compiled the accompanying balance sheet of Northern California Cities Self Insurance Fund as of June 30, 2012, and the related statement of revenues, expenses and changes in members' equity for the twelve months then ended, and the supplementary information on pages 4 through 14 are presented for purposes of additional analysis and has been compiled from information that is the representation of management. We have not audited or reviewed the accompanying financial statements and supplementary information and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements. During our compilation, we did become aware of certain departures from accounting principles generally accepted in the United States of America that are described in the following paragraph.

A statement of cash flows for the twelve months ended June 30, 2012 has not been presented. Accounting principles generally accepted in the United States of America require that such a statement be presented when financial statements purport to present financial position and results of operations.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the company's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

We are not independent with respect to Northern California Cities Self Insurance Fund.

#### REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Members Northern California Cities Self Insurance Fund Sacramento, California

We have audited the statement of net assets of Northern California Cities Self Insurance Fund as of June 30, 2012 and the related statements of revenues, expenses and change in net assets and cash flows for the year then ended. These basic financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. The financial statements of Northern California Cities Self Insurance Fund as of June 30, 2011, were audited by other auditors whose report dated October 24, 2011 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the State Controller's Minimum Audit Requirements for California Special Districts and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2012 basic financial statements referred to above present fairly, in all material respects, the financial position of Northern California Cities Self Insurance Fund as of June 30, 2012, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated \_\_\_\_\_\_ on our consideration of Northern California Cities Self Insurance Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations and contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 3 through \_\_\_\_, the Reconciliation of Claims Liability by Type of Contract on pages \_\_\_ and \_\_\_, and the Claims Development Information on pages \_\_\_ through \_\_\_ be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### NORTHERN CALIFORNIA CITIES SELF INSURANCE FUND

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2012 AND 2011

The following report reflects on the financial condition of Northern California Cities Self Insurance Fund (NCCSIF) for the fiscal year ended June 30, 2012. It is provided in order to enhance the information in the financial audit, and should be reviewed in concert with that report.

#### Financial Highlights, fiscal years ended June 30, 2012 and 2011

- The net loss for the fiscal year ended June 30, 2012 was \$4,786,706. This loss is principally due to dividends to members of \$4,417,281 and a net increase in prior years claim liabilities from the liability program of \$3,619,779. Without the return of equity to members the program would have shown net loss of \$369,425.
- The net loss for the fiscal year ended June 30, 2011 was \$2,976,687. Claims development has been relatively flat for prior years. The net income is after consideration of dividends to members of \$6,452,113. This dividend marks the long-term success of the risk financing program. Without the return of equity to members the program would have shown net income of \$3,475,426. This level of income is required to provide for variability in potential claims.
- Total operating revenues for fiscal year 2012 were \$12,061,588 (net of dividends earned and granted and excess insurance rebate) a decrease of 3% or \$419,084 as compared to fiscal year 2011. This decrease is primarily due to the conscious decision of the board to decrease in premiums for the liability and workers' compensation programs.
- Total operating revenues for fiscal year 2011 were \$12,480,672 (net of dividends earned and granted and excess insurance rebate) a decrease of 10% or \$1,378,321 as compared to fiscal year 2011. This decrease is primarily due to the decrease in premiums for the liability and workers' compensation programs.

#### **Description of the Basic Financial Statements**

NCCSIF financial statements are prepared in conformity with generally accepted accounting principles generally accepted in the United States of America and necessarily include amounts based upon reliable estimates and judgments. Statement of Net Assets, a Statement of Revenues, Expenses & Change in Net Assets, and the Statement of Cash Flows are included along with Notes to Basic Financial Statements to clarify unique accounting policies and financial information.

The Statement of Net Assets provides information on all NCCSIF program assets and liabilities, with the difference reported as Net Assets. Net Assets may be an indicator of the overall pool financial changes across years.

The Statement of Revenues, Expenses and Change in Net Assets presents information showing total revenues versus total expenses and the resulting effect on Net Assets.

The Statement of Cash Flows presents information about the cash receipts and cash payments during the year and reconciles to operating income.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2012 AND 2011

Combining statements are provided with the supplementary information and reflect financial information separated by the specific program to which it relates. NCCSIF's accounting system is organized so that each program can be accounted for and evaluated independently. Separate funds are operated for four insurance funds: two for Workers' Compensation (Banking Layer and Shared Risk Layer), and Liability (Banking Layer and Shared Risk Layer), General Administration and Loss Control. The assets, liabilities, revenues and expenses for all funds are reported on a full accrual basis. There were no significant accounting changes during the year.

The notes to the basic financial statements provide additional information that is essential to a full understanding of the financial statements. The notes describe the nature of NCCSIF's operations and significant accounting policies as well as clarify unique financial information.

#### **Required Supplementary Information**

Following the basic financial statements is required supplementary information, which provides further detail and reconciliation of claims liabilities by program.

Crowe Horwath, Certified Public Accountants has performed an independent audit examination of our financial statements in accordance with generally accepted auditing standards. This firm's opinion is included in the Financial Section of this report. This MD&A also includes information from NCCSIF's previous audits at June 30, 2011 and June 30, 2010:

Total Assets by Type at June 30, 2011 and June 30, 2012

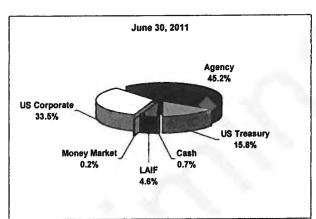

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

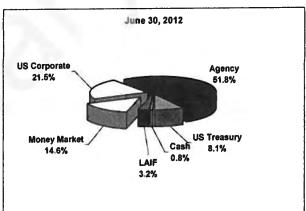

#### JUNE 30, 2012 AND 2011

Investment revenues are used to offset program costs wherever possible and reduce the required member contributions. The overall investments of the pool decreased in 2010-2011 from \$47,012,351 to \$46,501,544 and in 2011-2012 decreased to \$44,938,793. NCCSIF invests those funds not immediately necessary for the payment of claims in order to optimize the rate of return. Funds are invested in a manner that will protect principal, allow for cash flow needs and optimize returns, and are in conformity with all federal, state, and local statutes governing such investment of public funds. Those assets needed for current operations are maintained in the Local Agency Investment Fund (LAIF) in Sacramento, which is administered by the State Treasurer's Office.

The investment market performance has declined in the past two years. For example, the average rate of return for funds invested in LAIF during fiscal year 2011 was 0.448%, in 2012 the average rate of return was 0.358 %. The effective rate of return for the overall JPA investment portfolio increased slightly at 4.5% in fiscal year 2011 to 5.0% in fiscal year 2012. The ability of these funds to earn investment income has a direct effect on program rates, as this income is used to discount future liabilities. When investments fall short of projections, additional funding may be required to meet actuarial estimates.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2012 AND 2011

#### **NCCSIF Pool Liabilities**

Current liabilities increased by \$27,403 from 2010 to 2011 and decreased by \$295,600 from 2011 to 2012, largely due to timing of payment of member refunds.

Outstanding claims liabilities for the two self-insured programs increased from \$29,825,666 at June 30, 2011 to \$33,572,797 at the close of the 2012 fiscal year, an increase of 13%. This increase resulted primarily from large claim losses in the liability program and increase in ultimate loss estimates for previous policy years as determined by the actuary.

The prior year saw an increase of \$2,146,003 from fiscal year 2010 to the end of fiscal year 2011 which was due to an increase in ultimate loss estimates as determined by the actuary.

#### **NCCSIF** Dividends and Assessments

#### For the year ended June 30, 2011:

The Liability Banking Fund had dividends of \$1,538,302 and had assessments of \$1,242. Liability Shared Risk Fund had dividends of \$289,832 during the 2012 fiscal year, and a refund from the liability excess carrier was used to reduce the members' fiscal year 2013 liability premiums by \$502,233. The Workers' Compensation Banking Fund had dividends of \$1,825,868, and had assessments of \$35,197. The Workers' Compensation Shared Risk Fund dividend declared was \$2,290,876.

#### For the year ended June 30, 2012:

The Liability Banking Fund had dividends of \$1,168,089 and had assessments of \$71,667 The Liability Shared Risk Fund had a refund from the liability excess carrier was used to reduce the members' fiscal year 2013 liability premiums by \$304,007. The Workers' Compensation Banking Fund had dividends of \$1,248,095, and had assessments of \$157,388. The Workers' Compensation Shared Risk Fund dividend declared was \$1,697,090.

#### **NCCSIF** Revenues and Expenses

Pool operating revenues consist almost entirely of contributions received from members. These revenues decreased 10% from \$13,858,992 to \$12,480,672 in 2010 and 2011, respectively. Revenues then decreased to \$12,061,588 in 2012, primarily due to the decrease of Liability and Workers' Compensation rates set by the board. The 2010 fiscal year a dividend of \$6,452,113 was declared but a decrease in comparable claims expenses allowed the pool to show a net income of \$2,653,802, increasing equity to \$20,927,335. In the 2011 fiscal year a dividend of \$6,452,113 was declared and a large increase in claims expenses resulted in a net loss of \$2,976,687, decreasing equity to \$17,950,648 – a 14% decrease from the 2010 fiscal year. In 2012, a net loss of \$4,786,706 was experienced due to a combination of decreased revenues, an increased provision for claims and dividends in the amount of \$4,417,281. The loss resulted in a 27% decrease to equity from the 2011 fiscal year.

Non-operating revenues decreased from \$2,424,358 to \$1,280,054 for 2010 and 2011, respectively. Non-operating revenues increased by 41% in fiscal year 2012 to \$1,811,433. The slight increase was due to changes in the investment portfolio which resulted in slightly better returns. The fair value of investments experienced a net decrease from 2010 to 2011 – with a decrease in 2011 of \$510K on the whole portfolio.

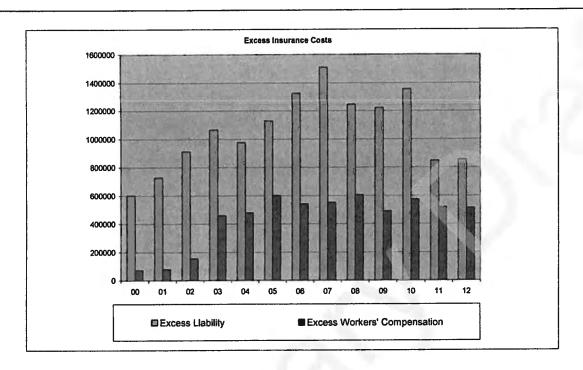

Operating expenses, including the provision for insured events, increased by \$3.5 million in 2010-2011 to \$17,536,723. This increase resulted from an adjustment of the actuary's ultimate loss estimates due to prior years' unfavorable loss development. Operating expenses increased 8% over the total 2011 figure to \$18,963,734 in fiscal year 2012 This increase resulted from higher claims related expenses due to an increase in ultimate loss estimates for previous policy years as determined by the actuary.

#### **Insurance Expense**

NCCSIF has made choices to participate in excess California joint powers authorities for liability and workers' compensation. These excess JPA's purchase excess reinsurance and insurance over pooled layers. By doing so NCCSIF now operates in an environment that is only minimally dependent on the insurance market and is therefore less subject to the swings of insurance pricing cycles. Historically, the insurance market has operated in 3-7 year cycles in which rates will swing from the very high to the very low and back again. From 1987 to 2002 the Insurance marketplace was in a long competitive cycle that was not broken until the events of September 2001. The beginning of a very hard market cycle occurred in 2002. Currently we have been in a relatively soft market. As a result, the fluctuations shown for excess coverage are mainly the result of changes in members' payrolls (for workers' compensation coverage) and a change in the excess liability pool's rating formulas.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2012 AND 2011

#### **General Administration Fund**

General administration expenses represent 2.6% and 2.8% of the overall pool expenses for 2011 and 2012, respectively. This figure includes administrative and finance staff expenses, support and services, including the costs of NCCSIF Board of Director and Executive Committee meetings. The increase in these percentages is largely related to the overall administrative costs remaining stable while there have been downward variances in the claim expense which is the largest program expense. The increase in overall expenses in this category is due primarily to a significant increase in the State of California's assessment for self-insured entities.

#### **Risk Management Services**

The Risk Management Services Fund provides group training; web based training, hot line safety services, inspection services, recommends and supports attendance at Risk Management conferences and other support to members in the liability and workers' compensation programs with the goal of controlling loss frequency and severity. These services are funded on a proportional basis by both programs, and represents 2.1% and 2.2% of the pool expenses for 2011 and 2012, respectively. NCCSIF works closely with the Risk Management Committee and each of our member cities to implement programs that help them keep down the cost of coverage. These services range from contract review to site safety inspections and hotline services. Some of the training provided in fiscal years 2011 and 2012 included understanding additional insured endorsements, traffic signage during construction, pool operators, workplace harassment, backsafe training, ergonomics, wastewater services safety, supervisory skills, diversity training, supervisory safety training and review of members' injury illness and prevention plans. Risk management dollars were also used to update member police manuals and to ensure that contract staff were available to work with members to conduct investigations of incidents or near-miss occurrences to help isolate the cause and make suggestions to avoid recurrence.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

#### JUNE 30, 2012 AND 2011

#### **Cost Containment**

NCCSIF has made a great effort to manage the cost of its claims through the implementation of creative and innovative programs. summary of these efforts in the workers' compensation and liability program is as follows.

The Workers' Compensation Program covers all employees, and volunteers (if the city has passed an ordinance) who are injured during the course and scope of their employment. The coverage primarily includes payment for medical costs, temporary disability, permanent disability and vocational rehabilitation. Workers' Compensation claims administrator York Insurance Services Group, Inc. actively manages costs through the provision of a voluntary return-to-work program in which the NCCSIF Return-to-Work Coordinator teams with the injured worker, physician, and supervisor to select short-term pre-determined bridge assignments that are medically appropriate for returning the worker to employment. This serves to keep injured workers productive and avoids lengthy recovery periods from which it may be difficult to return to a structured workplace. During the 2006-2007 Fiscal Year NCCSIF implemented a Managed Provider Network to further control workers' compensation medical costs.

#### Financial Management and Control

NCCSIF's Financial Advisor is responsible for establishing and maintaining an internal control structure designed to ensure that assets are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for preparation of financial statements in conformity with generally accepted accounting principles. Further oversight is provided by the NCCSIF Treasurer and annually reviewed by the Financial Auditor.

### Description of Facts or conditions that are Expected to have a Significant Effect on Financial Position or Results of Operations

The California legislature adopted certain changes to the workers compensation law in 2004 that were expected to reduce costs by 5%. These savings were experienced but since then workers compensation costs have continued to rise due to increased benefits and continuing increases in medical related costs. Proposals of change to the law currently before the legislature could significantly increase future costs.

The Liability market is expected to continue in the same, although not as severe, vein with hard markets and strict underwriting. Rates are expected to stabilize so long as the economy begins to recover and terrorism is avoided. political landscape and possibility of further military action overseas may also serve to prevent the market from relaxing.

The California economy has been significantly affected by the housing and credit crisis. The state budget situation continues to result in an as yet unknown drain on resources, not only for the Authority, but for its members as well. Funding cuts are expected at almost every level of our member operations. NCCSIF has absorbed some of those cuts however it must ensure the program is adequately funded. Annually, NCCSIF evaluates the services and programs currently offered by the Authority and determine whether those services should be continued as is, modified, increased or deleted. Members feel strongly that the JPA can help to provide training at a cost that remains less then the Cities would have to bear individually.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Description</u>: Northern California Cities Self Insurance Fund (the "Fund") is a governmental joint powers authority formed in July 1978, pursuant to the Government Code of the State of California, commencing with Section 6500. The Fund provides workers' compensation, general liability, automobile liability, errors and omissions and employment practices coverage through jointly funded banking plan, risk sharing, excess risk sharing and excess reinsurance for its 21 member entities. The risk sharing plan was implemented during the 1991-92 fiscal year.

Reporting Entity: The reporting entity includes all activities considered to be part of the Fund. This includes financial activity relating to all of the membership years of the Fund. In determining the reporting entity, the Fund considered all governmental units that were members of the Fund since inception. The criteria do not require the inclusion of these entities in the Fund's financial statements principally because the Fund does not exercise oversight responsibility over any members.

Basis of Accounting: These statements are prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board. Under the accrual basis, revenues and the related assets are recognized when earned, and expenses and related liabilities are recognized when incurred. Liabilities for reserves for open claims and claims incurred but not reported have been recorded in the Fund's financial statements. The Fund has elected not to apply Financial Accounting Standards Board pronouncements issued after November 30, 1989.

<u>Cash Equivalents</u>: Cash equivalents are investments readily convertible into known amounts of cash with original maturities at date of purchase of less than three months.

<u>Investments</u>: The Fund records its investments at fair value. Changes in fair value are reported as revenue in the statement of revenues, expenses and change in net assets. The effect of recording investments at fair value for the years ended June 30, 2012 and 2011 is reflected as a net change in the fair value of investments on the statement of revenues, expenses and change in net assets.

Fair value of investments has been determined by the sponsoring government based on quoted market prices.

Provisions for Unpaid Claims and Claim Adjustment Expenses: The Fund's policy is to establish unpaid claims and claim adjustment expenses based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage, subrogation and reinsurance recoverable on unpaid claims are deducted from the liability. The Fund increases the liability for allocated and unallocated claim adjustment expenses. Because actual claim costs depend on such complex factors as inflation, changes in doctrine of legal liability, and damage awards, the process used in computing unpaid claims and claim adjustment expenses does not necessarily result in an exact amount, particularly for coverages such as general liability. Unpaid claims and claim adjustment expenses are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, other economic and social factors and estimated payment dates. Adjustments to unpaid claims and claim adjustment expenses are charged or credited to expense in the period in which they are made. The current portion of unpaid claims is based on current year payments and known claim information at the end of the period.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Coverage Limits</u>: The Fund provides coverage within the Banking Layer for each Program:

#### Liability:

\$50,000 per occurrence \$50,000 per occurrence for employment practices \$100,000 per occurrence for City of Folsom only (all coverages)

Workers' Compensation:

\$100,000 per occurrence

The Fund provides coverage within a Shared Risk Layer for each program:

#### Liability:

\$450,000 per occurrence, excess of Banking Layer \$450,000 per occurrence for employment practices, excess of Banking Layer \$400,000 per occurrence for City of Folsom only (all coverages), excess of Banking Layer

Workers' Compensation:

\$400,000 per occurrence, excess of Banking Layer

Currently, the Fund participates in an excess Joint Powers Authority, California Joint Powers Risk Management Authority, for excess coverage above the Liability Shared Risk Layer to a limit of \$40,000,000 per occurrence. See Note 4.

For the Workers' Compensation program, the Fund purchases coverage above the Shared Risk Layer through CSAC Excess Insurance Authority to statutory limits for workers' compensation and \$5,000,000 for employers' liability. See Note 4.

Settlements have not exceeded insurance coverage in each of the past three years.

Revenue Recognition: Contributions are recognized as revenue when earned based upon the coverage period of the related insurance. To the extent that allocated losses and administrative expenses exceed contributions previously paid and interest and other income, the Fund may declare either a dividend or an assessment to member agencies.

Fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the Fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities. Operating revenues and expenses include all activities necessary to achieve the objectives of the Fund. Non-operating revenues and expenses include investment income and net change in the fair value of investments.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Use of Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Accordingly, actual results may differ from those estimates.

<u>Income Taxes</u>: The Fund is an organization comprised of public agencies and is exempt from Federal income and California franchise taxes. Accordingly, no provision for Federal or State income taxes has been made in the accompanying financial statements.

<u>Reclassifications</u>: Certain reclassifications have been made to prior year's balances to conform to classifications used at June 30, 2012. Reclassifications have no effect on prior year change in net assets.

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents at June 30, 2012 and 2011 are reported at fair value and consisted of the following:

<u>Custodial Credit Risk</u>: Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC) and are collateralized by the respective financial institution. At June 30, 2012, the carrying amount of the Fund's accounts was \$924,831 and the bank balances were \$1,734,050. The carrying value and the bank balance differ due to deposits in transit and outstanding checks. The bank balances were fully covered by FDIC insurance.

#### NOTE 2 – CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

Local Agency Investment Fund: Northern California Cities Self Insurance Fund places certain funds with the State of California's Local Agency Investment Fund (LAIF). The Fund is a voluntary participant in LAIF, which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California and the Pooled Money Investment Board. The State Treasurer's Office pools these funds with those of other governmental agencies in the state and invests the cash. The fair value of the Fund's investment in the pool is reported in the accompanying financial statements based upon the Fund's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The monies held in the pooled investment funds are not subject to categorization by risk category. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Funds are accessible and transferrable to the master account within twenty-four hours' notice. Included in LAIF's investment portfolio are collateralized mortgage obligation, mortgage-backed securities, other assetbacked securities, and floating rate securities issued by federal agencies, government-sponsored enterprises and corporations. LAIF is administered by the State Treasurer. LAIF investments are audited annually by the Pooled Money Investment Board and the State Controller's Office. Copies of this audit may be obtained from the State Treasurer's Office: 915 Capitol Mall; Sacramento, CA 95814. The Pooled Money Investment Board has established policies, goals, and objectives to make certain that their goal of safety, liquidity and yield are not jeopardized.

Investment Credit Risk: The Fund's investment policy limits investment choices to obligations of the United States Treasury, its agencies and instrumentalities, corporate medium-term notes, commercial paper rated A-1 by Standard and Poor's Corporation or P-1 by Moody's Commercial Paper Record, banker's acceptances and repurchase agreements. At June 30, 2012 and 2011, all investments represented governmental securities and US Corporate Notes which were issued, registered and held by the Fund's agent in the Fund's name.

<u>Concentration of Investment Credit Risk</u>: The Fund does not place limits on the amount it may invest in any one issuer. At June 30, 2012, the Fund had the following investments that represent more than five percent of the Fund's net investments:

| United States Treasury Notes           | 17% |
|--|-----|
| Federal National Mortgage Association  | 13% |
| Federal Home Loan Mortgage Corporation | 12% |
| Federal Farm Credit Bank               | 11% |
| Federal Home Loan Bank                 | 9%  |
| Tennessee Valley Authority             | 7%  |

#### NOTE 3 - UNPAID CLAIMS AND CLAIM ADJUSTMENT EXPENSES

As discussed in Note 1, the Fund established a liability for both reported and unreported insured events for the Liability and the Workers' Compensation programs. The liability includes estimates of future payments of losses and related claim adjustment expenses, both allocated and unallocated. The following represents changes in those aggregate liabilities during the years ended June 30, 2012 and 2011:

#### NOTE 3 – UNPAID CLAIMS AND CLAIM ADJUSTMENT EXPENSES (Continued)

At June 30, 2012 and 2011, this liability was reported at present value using an expected future investment yield assumption of four percent. The undiscounted liability was \$36,820,724 and \$33,039,991 at June 30, 2012 and 2011, respectively.

#### **NOTE 4 – JOINT POWERS AGREEMENTS**

The Fund participates in two joint powers agreements with California Joint Powers Risk Management Authority (CJPRMA) and CSAC Excess Insurance Authority (CSACEIA). The relationship between the Fund and CJPRMA and CSACEIA is such that CJPRMA and CSACEIA are not component units of the Fund for financial reporting purposes.

CJPRMA arranges for and provides excess general liability coverage from \$500,000 to \$40 million for its members. CJPRMA is governed by a Board consisting of representatives from member agencies. The Board controls the operations of CJPRMA, including selection of management and approval of operating budgets, independent of any influence by the member agencies beyond their representation on the Board. Each member agency pays a premium commensurate with the level of coverage requested and shares surplus and deficits proportionate to their participation.

CSACEIA arranges for and provides excess workers' compensation and employers' liability coverage from \$500,000 to \$149.5 million and \$5 million, respectively, for its members. CSACEIA is governed by a Board consisting of representative member agencies.

## NORTHERN CALIFORNIA FUND SELF INSURANCE FUND CLAIMS DEVELOPMENT INFORMATION For the Years Ended June 30, 2012 and 2011

The tables that follow illustrate how the Fund's earned revenues (net of reinsurance) and investment income compared to related costs of loss and other expenses assumed by the Fund as of the end of each of the previous ten years for the shared risk layer of the liability program and workers' compensation program. The rows of the tables are defined as follows:

- (1) Total of each fiscal year's gross earned premiums and reported investment revenue, amount of premiums ceded, and reported premiums (net of reinsurance) and reported investment revenue.
- (2) Each fiscal year's other operating costs of the program, including overhead and loss adjustment expenses not allocable to individual claims.
- (3) Program's gross incurred losses and allocated loss adjustment expense, losses assumed by reinsurers, and net incurred losses and loss adjustment expense (both paid and accrued) as originally reported at the end of the year in which the event that triggered coverage occurred (called policy year).
- (4) Cumulative net amounts paid as of the end of successive years for each policy year.
- (5) Latest reestimated amount of losses assumed by the reinsurers for each policy year.
- (6) Each policy year's net incurred losses increases or decreases as of the end of successive years. This annual reestimation results from new information received on known losses, reevaluation of existing information on known losses, and emergence of new losses not previously known.
- (7) Compares the latest reestimated net incurred losses amount to the amount originally established (line 3) and shows whether this latest estimate of losses is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of net incurred losses currently recognized in less mature policy years.

The columns of the tables show data for successive policy years.

Note: The information for lines 2, 3 and 6 was based on estimates provided by the actuary as this information had not been accumulated and presented in prior years.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors and Members Northern California Cities Self Insurance Fund Sacramento, California

We have audited the financial statements of Northern California Cities Self Insurance Fund (the "Fund"), as of and for the year ended June 30, 2012, and have issued our report thereon dated \_\_\_\_\_\_\_, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

Management of Northern California Cities Self Insurance Fund is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Northern California Cities Self Insurance Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Northern California Cities Self Insurance Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Northern California Cities Self Insurance Fund's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Northern California Cities Self Insurance Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Agenda Item I.3

## ANNUAL SHARED RISK LAYER TARGET EQUITY RATIO REVIEW INFORMATION ITEM

**ISSUE:** On an annual basis, NCCSIF compares the current claims and financial experience with our <u>Target Equity Plan</u> as stated in Administrative Policy and Procedure A-17, *Shared Risk Layer Plan Target Equity*. We also show the results for the Banking Layer.

The annual **Target Equity Review** is used as another benchmark judging the stability and strength of the programs. This year the results indicate that for the Liability Shared Risk Layer we have fallen below Equity to SIR recommended ratio of 3-5 times the SIR amount. The Liability Shared Risk Equity is currently at \$(865,191). This suggests that NCCSIF should not have any redistribution next year from the Liability Shared Risk Layer. The Workers' Compensation Shared Risk Layer Equity to SIR ratio is over 10 to 1.

**FISCAL IMPACT:** Review of this plan could result in more conservative funding of the liability shared risk layer for the 2013/14 fiscal year.

**RECOMMENDATION**: Staff recommends the Board review the <u>Target Equity Plan</u> and the results for the year ending June 30, 2012 for both the shared risk layer and the JPA as a whole.

**BACKGROUND:** This policy and procedure was developed in 2005 to meet CAJPA Accreditation guidelines and to establish additional benchmarks against which the JPA could measure itself. Previously, NCCSIF relied upon loss analysis to determine trends and the financial audit and actuarial studies to determine financial stability.

The Target Equity benchmarks use insurance industry standards that have been amended slightly to recognize the difference between pooling and insurance.

#### ADMINISTRATIVE POLICY AND PROCEDURE # A-17

**SUBJECT:** SHARED RISK LAYER PLAN TARGET EQUITY POLICY

**Policy Statement:** 

This policy will operate in conjunction with the following policies and procedures:

#### L – 1: SHARED RISK LAYER LIABILITY DEPOSIT DEVELOPMENT PLAN

### WC – 1: SHARED RISK LAYER WORKERS' COMPENSATION DEPOSIT DEVELOPMENT PLAN

#### A – 12: SHARED RISK LAYER PLAN FUND ADJUSTMENTS

It shall be the goal of this policy is to develop guidelines setting target funding levels for the Shared Risk Layers in the Liability and Workers' Compensation programs. The policy seeks to establish a prudent funding threshold to ensure the programs are actuarially sound. When equity exceeds the target the Board may determine any surplus to be distributed through a dividend in accordance with Policy and Procedure A-12 Shared Risk Layer Plan Fund Adjustments.

Funding shortfalls under the target may lead the Board to raise funding rates to re-capitalize a program.

#### 1. FUNDING CRITERIA

The programs shall utilize expected liabilities at a 55% confidence level (CL) when reporting liabilities in the NCCSIF Financial Statements and Audit.

The program goals will be to maintain a "contingency fund" with assets equal to the difference between expected liabilities (55% CL) and discounted liabilities at a (90% CL).

The programs may pay dividends when surplus equity exceeds the 90% discounted CL and as per Policy and Procedure A-12 above.

The programs may use surplus for rate stabilization.

The programs will fund current years at a 60% CL or higher.

#### 2. FUNDING BENCHMARKS

In addition to the program maintaining a discounted target equity of 90%, other benchmark ratios will be reviewed annually to ensure prudent funding levels be maintained.

The programs will endeavor to meet the following ratios:

#### **Equity to SIR**

#### Target = 3 to 5:1

This ratio is a measure of the maximum amount equity could decline due to a single full limits loss. It also measures the funds available to take a higher SIR. A high ratio is desirable.

#### **Solution** Net Premiums to Equity

#### Target = .5 to 1

This ratio measures whether inadequate funding for new years could adversely affect equity.

#### © Claims Reserves plus IBNR to Equity Target = Less then < 3.5 to1

This ratio is a measure of how equity is leveraged against total reserves.

#### **©** Change in Prior Year's Loss Development Target = < 20%

This ratio is a measure of the development in prior years' ultimate net loss run from one year to the next.

#### **Change in Member Equity**

#### **Target = < 10%**

This ratio measures if a decline in equity in excess of 10% has taken place. If it has then NCCSIF may want to consider an increase in pricing.

#### 3. DEFINITIONS

This policy contains terms and words with special meaning to risk funding. Those terms and others are defined below:

<u>Claims Reserves</u>: Estimate of the funds needed to pay for known claims against members that have been reported to NCCSIF. The Third Party Claims Administrator will establish a reserve for each open claim.

<u>Confidence Level (CL):</u> The probability premium collected or program equity is sufficient to pay the actuarially projected ultimate net loss. Expected value is equal to a 55% probability funds are sufficient to pay claims. A 90% confidence level predicts there is only a 10% probability there is insufficient funding to pay the ultimate net loss.

**Contingency Fund:** Net assets held to pay claims above "expected liabilities".

**<u>Dividend</u>**: Amount payable to members from surplus funds in a program.

**Expected Liabilities:** Claims reserve plus IBNR, discounted, and reported at a 55% CL for all program years.

**Equity:** Total assets less total liabilities. Stated as retained earnings, equity or net assets on the balance sheet.

<u>Incurred But Not Reported (IBNR) Claims</u>: Estimate of the funds needed to pay for covered losses that have occurred but have not been reported; and expected future loss development on claims already reported.

**Self Insured Retention (SIR):** Dollar amount of pooled risk before any excess coverage is triggered.

<u>Ultimate Net Loss</u>: The sum of claims paid to date, claim reserves and IBNR. This is an actuarial estimate of the total value of all claims that will ultimately be paid at a given point in time.

#### 4. POLICY REVIEW

The Program Administrator will submit a yearly report summarizing the programs financial positions against the guidelines established in this policy. The policy will be periodically reviewed by the Board and revised as necessary.

Agenda Item I.4.

#### NCCSIF INVESTMENT POLICY

#### **ACTION ITEM**

**ISSUE:** Chandler Investments, NCCSIF's Investment Manager and James Marta have reviewed NCCSIF's Investment policy and are recommending proposed clarification changes. In general, NCCSIF's policy follows California Government Code, but within the existing policy, the summary table for permitted investments was not fully descriptive (and aligned) with what could be invested in per state code. The permitted investment table and the Appendix were updated to complement the revised table.

FISCAL IMPACT: None.

**RECOMMENDATION:** Consider approval of the proposed changes.

**BACKGROUND**: Pursuant to Government Section Code 43646 (a) (2), the NCCSIF Statement of Investment Policy must be reviewed annually and amended as necessary. At Staff's request, James Marta and Company, Chandler Asset Management and NCCSIF's Treasurer reviewed the Policy and recommended changes to this policy. The last update was made in December 2011.

## NCCSIF

#### Northern California Cities Self Insurance Fund

c/o Alliant Insurance Services, Inc. Corporate Insurance License No. 0C36861

#### STATEMENT OF INVESTMENT POLICY

#### A. PURPOSE

This statement provides guidelines for the prudent investment of the funds of the Northern California Cities Self Insurance Fund (NCCSIF) and outlines the policies and procedures for maximizing the efficiency of NCCSIF's cash management system. The ultimate goal is to enhance the economic status of NCCSIF, while protecting its pooled funds.

#### B. SCOPE

NCCSIF's cash management system is designed to accurately monitor and forecast expenditures and revenues, thus enabling NCCSIF to invest funds to the fullest extent possible. NCCSIF will attempt to obtain the highest yield obtainable, as long as investments meet the criteria established for safety and liquidity.

NCCSIF operates its pooled idle fund investments under the prudent person rule (Civil Code Section 2261, et seq.)

#### C. PRUDENCE

NCCSIF shall strive to invest 100 % of all idle funds based upon, projected cash flow determinations. Idle cash management and investment transactions are the responsibility of the NCCSIF Finance Committee, of which the NCCSIF Treasurer is a committee member.

Persons authorized to make investment decisions on behalf of local agencies are trustees and therefore fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity considering individual investments as part of an overall strategy, a trustee is authorized to acquire investments as authorized by law. (Government Code Section 53600.3)

#### D. OBJECTIVES

NCCSIF shall use the following criteria, in order of priority, when selecting investment options:

#### 1. Safety

#### STATEMENT OF INVESTMENT POLICY

The safety and risk associated with an investment refers to the potential loss of principal, interest or a combination of these amounts. All "allowable investments" are of a very high quality and would be considered extremely safe and conservative. Safety of principal is the foremost objective of the investment program.

#### 2. Liquidity

An adequate percentage of the portfolio will be maintained in liquid short-term securities that can be converted to cash as necessary to meet disbursement requirements. The liquidity percentage will be determined and adjusted as necessary based upon projected cash flow reports. Investments will be made in securities with active secondary or resale markets.

#### 3. Yield

Within the constraints of safety and liquidity, the highest and best return will be sought. The portfolio will be designed to attain a market average rate of return, taking into account NCCSIF's risk constraints, the cash flow characteristics of the portfolio and state law.

#### 4. Maturity

Maturities shall be selected to anticipate cash needs, thus avoiding forced liquidations. Since funds are invested for the specific purpose of providing for medium and long-term growth, and since the cash flow requirements of NCCSIF are met through investment in LAIF, the Board of Directors hereby grants authority for the purchase of securities with maturities in excess of five years. Such purchases shall be of U.S. Treasury and federal agency securities only (including mortgage-backed securities). The maximum maturity of individual securities is limited to ten years. Not more than 25% of the investment portfolio will be at the maximum maturity term.

#### 5. Diversification

The portfolio will be diversified to avoid incurring unreasonable and avoidable risks regarding specific security types or individual financial institutions. No more than 5% of the portfolio may be invested in any one security issuer or institution, excluding U.S. government and agency securities.

#### STATEMENT OF INVESTMENT POLICY

#### 6. Public Trust

All participants in the investment process shall act as custodians of the public trust. Investment officials shall recognize that the investment portfolio is subject to public review and evaluation. The overall program shall be designed and managed with a degree of professionalism that is worthy of the public trust. In a diversified portfolio, it must be recognized that occasional measured losses are inevitable and must be considered within the context of the overall investment return.

#### 7. Non Discriminatory

NCCSIF shall not knowingly make or allow investments in any institution, company, corporation, subsidiary or affiliate that practices or supports, directly or indirectly through its actions, discrimination on the basis of race, religion, creed, national or ethnic origin, age, sex, sexual preference or physical disability.

#### E. AUTHORITY TO INVEST MONIES

Section 53600 et seq. of the California Government Code provides legal authorization for investment of funds of local agencies. All investments of NCCSIF shall conform to the provisions of those laws.

#### F. DELEGATION OF AUTHORITY

The NCCSIF Board of Directors has designated the Finance Committee as investment managers of NCCSIF and responsible for ensuring that all investment activities are within the guidelines of these policies. Administrative procedures for the operation of the investment program are established under NCCSIF Administration Policy and Procedure A-13, *Review and Control of Investment Activities*. In order to optimize total return through active portfolio management, resources shall be allocated to the investment program. This commitment of resources shall include financial and staffing considerations.

The Agency may engage the services of external investment managers to assist in the management of the Agency's investment portfolio in a manner consistent with the Agency's objectives. The external manager may be granted discretion to purchase and sell investment securities in accordance with this Investment Policy. In addition, the manager must be registered under the Investment Advisers Act of 1940.

#### STATEMENT OF INVESTMENT POLICY

#### G. REPORTING

#### 1. Monthly

The investment advisor shall submit a monthly report to the NCCSIF Finance Committee Chair, the Accounting Services Provider and the NCCSIF Treasurer. This report will include all items required by Government Code Section 53646.

These items are:

- a. Type of investment;
- b. Issuer;
- c. Date of Maturity;
- d. Amount of deposit and cost of the security;
- e. Current market value of securities and the source of the valuation;
- f. Interest rate;
- g. A statement of compliance with the investment policy;
- h. Accrued interest;
- i. Interest earned to date;
- j. Average weighted book yield;
- k. Average term to maturity;
- 1. Transactions;
- m. Percentage distribution of investment types;
- n. Modified duration;
- o. Total rate of return.

#### STATEMENT OF INVESTMENT POLICY

#### 2. Quarterly

The NCCSIF Treasurer shall submit quarterly a report to the Board of Directors of all cash and investments of NCCSIF in compliance with Government Code Sections §53646 and §53607.

#### 3. Annually

The NCCSIF Treasurer shall prepare and provide to the Board of Directors an annual portfolio investment performance report as of June 30. The annual report and the Investment Policy shall be submitted for review and approval annually at the meeting of the Board of Directors.

#### H. INVESTMENT GOALS

Funds available for investment shall be invested to meet two specific goals:

- 1. To match its duration to the duration of NCCSIF's actuarially determined liabilities;
- **2.** To provide funds to pay losses as they come due and to pay the expenses of operating NCCSIF.

The NCCSIF Finance Committee Chair will inform the investment advisor from time to time of amounts of funds needed to pay claims and operating expenses. The NCCSIF Program Administrator will provide current actuarial information to the investment advisor in order to determine the appropriate duration.

#### I. INVESTMENT PARAMETERS

- 1. Investments shall be managed to a duration not to exceed the current duration of loss payment liabilities.
- 2. The maximum stated final maturity of securities in the account shall be ten years.
- **3.** The NCCSIF Treasurer shall maintain sufficient short-term liquidity to pay claims and operating expenses as they arise.

<sup>\*</sup>as specified by this investment policy, Section I, 2.; as permitted by California Government Code

Shares of beneficial interest issued by diversified management companies that are money [TP2] market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a 1 et seq.). To be eligible for investment pursuant to this subdivision these companies shall either: (1) attain the highest ranking letter or numerical rating provided by not less than two nationally recognized statistical rating organizations or (2) have an investment advisor registered with the Securities and Exchange Commission with not less than five years' experience investing in securities and obligations authorized by Government Code Section 53601 and with assets under management in excess of \$500,000,000.

Any mortgage passthrough security, collateralized mortgage obligation, mortgage backed or other pay through bond, equipment lease backed certificate, consumer receivable passthrough certificate or consumer receivable backed bond of a maximum of five years' maturity. Securities eligible for investment shall be issued by an issuer having an "A" or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of "AA" or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized may not exceed 20 percent of NCCSIF's portfolio.

Credit criteria listed in this section refers to the credit of the issuing organization at the time the security is purchased. NCCSIF may from time to time be invested in a security whose rating is downgraded. If a rating drops below "A," the investment advisor shall notify the Treasurer and recommend a plan of action. The Treasurer shall contact the Finance Committee to appraise it of the downgrade and the investment advisor's recommendation. The Committee shall report both the downgrade and any action taken to the Board of Directors at the Board of Directors' next regularly scheduled meeting.

If the Government Code adopts more restrictive investment restrictions, then those restrictions will have precedence over those listed above.

Investments shall be purchased according to the minimum credit standards listed. NCCSIF will own no more than 5% of any single issuer.

#### 2. Excluded Investments

#### STATEMENT OF INVESTMENT POLICY

The following investments are not permitted under this Statement of Investment policy.

- a. Investments not specifically stated under "allowable investments," such as common or preferred stock, convertible or junk bonds, commodities, options, limited partnerships, GIC's, reverse repurchase agreements, uninsured deposits, inverse floaters, range notes, mortgage derived, interest only strips, or in any security that could result in zero interest if held to maturity, etc.;
- b. Investments denominated in any currency other than US dollars; or
- c. Collateralized Mortgage Obligations with collateral not specifically GNMA, FHLMC or FNMA.

#### K. PERFORMANCE EVALUATION

As a reference point for the performance of NCCSIF's portfolio, the quarterly total return of the portfolio will be compared with the quarterly return for LAIF, the quarterly total return of a 1 to 5 year government index benchmark, and the quarterly total return for a 1 to 10 year government index benchmark.

#### STATEMENT OF INVESTMENT POLICY

#### L. SAFEKEEPING AND CUSTODY

Securities purchased from broker/dealers will be held in a third-party custodian safekeeping account except the collateral for time deposits in banks and savings and loans. Collateral for time deposits shall be held in accordance with California law.

#### M. CONFLICT OF INTEREST

Officers involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Investment officials shall disclose to the NCCSIF Finance Committee any material financial interests in financial institutions that conduct business within this jurisdiction, and they shall further disclose any large personal financial/investment positions that could be related to the performance of NCCSIF's portfolio.

### Appendix A Explanation of Allowable Instruments [TP3]

#### U.S. Treasuries:

- U.S. Treasury Bills: U.S. Treasury bills, commonly referred to as T-Bills, are short-term marketable securities sold as obligations of the U.S. Government. They are offered in three month, six month and one year maturities. T Bills do not accrue interest but are sold at a discount to pay face value at maturity.
- U.S. Treasury Notes: U.S. Treasury Notes are marketable, interest-bearing securities sold as obligations of the U.S. Government with original maturities of one to ten years. Interest is paid semi-annually.
- U.S. Treasury Bonds: U.S. treasury Bonds are the same as U.S. Treasury Notes, except they have original maturities of ten year or longer.

U.S. Government Agency Issues: U.S. Government Agency issues include securities which fall into these categories: 1) Issues which are unconditionally backed by the full faith and credit of the United States, 2) Issues which are conditionally backed by the full faith and credit of the United States, and 3) Issues which are not backed by the full faith and credit of the United States.

Issues that are unconditionally backed by the full faith and credit of the United States include the Small business Administration and the General Services Administration (GSA).

Issues that are issued by corporations under the Federal Deposit Insurance Corporation (FDIC) Temporary Liquidity Guarantee Program (TLGP). These notes are backed by the full faith and credit of the United States Government.

Issues which are not backed by the full faith and credit of the United States include the Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), Farm Credit System (FFCB), Banks for Cooperation (Co-ops), Federal Lands Banks (FLB), Federal Immediate Credit Banks (FICB), Federal Home Loan Mortgage Corporation (FHLMC), Tennessee Valley Authority (TVA), or other government sponsored enterprises (GSEs).

While all of the above issues are not unconditionally backed by the full faith and credit of the United States, they do in fact have de facto backing from the federal government, and it would be most unlikely that the government would let any of these agencies default on its obligations.

**Repurchase Agreement:** A repurchase agreement is a contractual arrangement between a financial institution or dealer and an investor. This agreement normally can run for one or more days. The investor puts up his funds for a certain number of days at a stated yield. In return, he takes a given block of securities as collateral. At maturity, the securities are repurchased and the funds repaid plus interest.

#### STATEMENT OF INVESTMENT POLICY

Asset Backed and Mortgage Backed Securities: Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate or consumer receivable-backed bond of a maximum of five years' maturity.

**Bankers' Acceptances:** A bankers' acceptance is a time draft drawn on and accepted by a bank for payment of the shipment or storage of merchandise. The initial obligation of payment rests with the drawer, but the bank substitutes its credit standing for that borrower and assumes the obligation to pay face value at maturity.

**Commercial Paper:** Commercial Paper is a short-term unsecured obligation issued by both financial companies and non-financial companies to help satisfy their short term funding needs.

Local Agency Investment Fund (LAIF): LAIF is a voluntary program offering local agencies the opportunity to participate in a multi-billion dollar portfolio. LAIF is part of the State of California' Pooled Money Investment Account (PMIA). Oversight of the PMIA is provided by a board whose members include the State Treasurer, Director of Finance and the State controller. All securities are purchased under the authority of the California Government Code.

**Medium-Term Notes (MTNs):** MTNs are unsecured promissory notes issued by corporations and financial institutions. MTNs are typically issued through a shelf registration process filed with the Securities and Exchange Commission, with original maturities of one to five years. MTNs offer higher yields than Treasury or agency securities because of the additional risk of purchasing unsecured corporate debt for a period of years. Credit quality varies with the issuer and MTNs are rated by several national securities rating services such as Standard and Poor's or Moody's.

Certificates of Deposit (CDs): Time CDs are a receipt for funds deposited in a Bank or Savings and Loan Association for a specified period of time at a specific rate of interest. The first \$100,000 of a certificate of deposit is guaranteed by the Federal Deposit Insurance Corporation (FDIC) if with a bank. Time CDs with California institutions are required to be collateralized by the financial institution, as specified in the California Government Code.

Money Market Mutual Funds: Pooled investment funds, which legally are shares of beneficial interest issued by diversified management companies registered with the Securities and Exchange Commission. Money market funds operate under strict guidelines regarding maximum maturities and diversification requirements and seek to maintain a constant net asset value of \$1.00 per share.

Mutual Funds: An entity which pools the funds of investors and invests those funds in a set of securities which is specifically defined in the fund's prospectus. Mutual funds can be invested in various types of domestic and/or international stocks, bonds, and money market instruments, as set forth in the individual fund's prospectus. For most large, institutional investors, the costs

associated with investing in mutual funds are higher than the investor can obtain through an individually managed portfolio.

**Municipal Obligations:** Debt obligations issued by state and local governments.

**Negotiable Certificates of Deposit:** Negotiable CDs are a marketable receipt for funds deposited in a bank for a fixed time period at a stated rate of interest. Negotiable CDs are not required to be collateralized.

Repurchase Agreement and Reverse Repurchase Agreement: A repurchase agreement (or reverse repurchase agreement) is a contractual arrangement between a financial institution or dealer and an investor. This agreement normally can run for one or more days. The investor puts up his funds for a certain number of days at a stated yield. In return, he takes a given block of securities as collateral. At maturity, the securities are repurchased and the funds repaid plus interest.

### SB 863 - WORKERS' COMPENSATION REFORM

| Reform Topic            | Highlights  | Regulations Required Yes/No  | WCIRB Est. Savings   |
|-------------------------|---|--|--|
| MPN                     | <ul> <li>Eliminates requirement that an MPN contain at least 25% of physicians who are non-occupational providers;</li> <li>Permits Administrative Directive to approve generically an MPN without requiring approval for each employer location individually</li> <li>Requires an MPN to have "medical Access Assistants" personnel available Monday through Saturday, available to assist injured workers to obtain immediate access to medical treatment and schedule medical appointments within the MPN</li> <li>Establishes limits and prohibitions against injured workers procuring out-of-network treatment.</li> <li>Establishes requirements for expedited hearing process at the WCAB to resolve disputes arising from out-of-network treatment or other disputes related to treatment within an approved MPN</li> <li>Establishes new application and renewal process for A.D. approval of an MPN</li> </ul> | <ul> <li>Many of these changes are in place with WellComp's MPN and require very little change as infrastructure is in place.</li> <li>Limits on injured workers and their counsel procuring out-of-network treatment is positive as this has cost the employer payment for extended periods of T.D. and prolongation of treatment with out-of-network treatment due to adverse appellate decisions.</li> </ul>  | WCIRB is unable to provide an estimate of the impact of these savings. |
| IMRO and IMR<br>Process | <ul> <li>Effective for injuries on/after 01/01/13</li> <li>Establishes Independent Medical Review Organizations (IMRO) under the provisions of the Government Code which extend to the A.D. contractual authority for and development of "reasonable" review fees for these organizations. Creates process of independent Medical Review (IMR) similar to the Department of Managed Health Care (DMHC) for the purpose of providing impartial review and resolution of health care disputes pertaining to" medical necessity" of treatment for an injured worker.</li> <li>Permits the employee to appeal a utilization review determination pertaining to the "medical necessity" of the treatment by requesting an IMR immediately or seeking a second level UR determination;</li> </ul>   | <ul> <li>✓ Yes to all – new regulations required</li> <li>While these new changes can have positive impact on employers by saving costs with unnecessary QME, AME, or Agreed Panel medical-legal exams and WCAB intervention, the bill now eliminates any legal remedy for appeal.</li> <li>Cost for dispute resolution review, screening of physician's in the IMRO for impartiality and timeframes for review has yet to be determined. Also impact on whether this will positively/negatively impact length of time for claim resolution also remains to be seen.</li> <li>A.D. is charged with developing a fee</li> </ul> | \$90 million in savings  |

|----------------------------------|--|--|--|
| IMRO and IMR Process (continued) | <ul> <li>Eliminates current second surgical spine opinion [under §4062(b]) process and mandates that spinal surgery disputes arising out of UR determinations will also be resolved through IMR process.</li> <li>Eliminates WCAB authority/jurisdiction to adjudicate any disputes pertaining to UR determinations of "medical necessity" of treatment and extends binding authority to resolve these disputes to the IMRO and A.D. (except for authority of the WCAB to adjudicate decisions of the IMR related to "bias, conflict of interest, race, gender, ethnicity and excessive abuse of A.D. authority").</li> <li>Establishes authority of A.D. to develop schedule of administrative penalties related to failure of the claims administrator to notify the employee of right to IMR process (up to \$5,000 per day for failure to inform employee of IMR process and \$5.000 for each day the IMR decision not implemented if treatment dispute is resolved in favor of the employee;</li> <li>Effective 01/01/14 physicians who work for or provide IMR dispute resolution cannot be a QME Administrative Director charged with promulgation of regulations for IMR physician standards.</li> </ul> | schedule for these reviews including costs for A.D. to administer the IMR program- The cost of review and administrative costs will be assessed to the employer—This could have a negative impact since it will take regulation to determine what frequency of dispute resolution occurs and the cost to employers for yet to be regulated UR dispute resolution fees.  • Employers and their claims administrator have no reason to dispute their own UR determinations-Frequency of dispute will be driven by attorneys and providers. | See above  |
| IBRO and IBR Process             | <ul> <li>Effective for injuries on/after 01/01/13</li> <li>Establishes Independent Bill Review Organizations (IBRO) to resolve provider fee disputes which extend to the A.D. contractual authority for and development of "reasonable" review fees for these organizations (Similar provisions as new IMR statutes)</li> <li>IBR determinations are binding on the parties; WCAB jurisdiction is eliminated (except for decisions that are appealed based on issues of "bias, conflict of interest, race, gender, ethnicity, fraud and excessive abuse of A.D. authority").</li> </ul>  | <ul> <li>Yes to all – new regulations required</li> <li>Intent of legislation is to reduce excessive volume of lien filing and resolution at the WCAB. Positive impact on employers may be earlier resolution of claims and reduction in excessive claim financial exposures.</li> <li>Negative -The fee for IBR dispute resolution is initially borne by the provider. If the IBRO determination finds additional sums are owed in excess</li> </ul>  | WCIRB is unable to provide an estimate of the impact of these savings. |

| IBRO and IBR Process (cont.) |  | of the CA Official Medical Fee Schedule OMFS), then the employer will be under A.D. order to pay additional bill amount(s) and reimburse disputing providers for cost of review.  • Since the A.D. is charged through regulation promulgation to develop IBR fees yet to be determined, this could have <b>negative</b> financial impact on employers  • The disputing party would be the provider not employers' own bill review organizations. |  |
| <u>Liens</u>                 | <ul> <li>Prohibits filing of any lien by a provider for any amounts related to IMR or IBR determination orders.</li> <li>Requires lien claimant to pay \$150 filing fee for any lien filed (after 01/01/13), only recoverable from the employer if the lien claimant prevails on the lien by an award of the WCAB.</li> <li>Establishes a \$100 filing fee for liens filed prior to 01/01/13, recoverable from the employer if the lien claimant prevails by an award of the WCAB.</li> <li>Establishes criteria and rules that the lien claimant must be the owner of the lien for services.</li> <li>Establishes a statute of limitations for lien filing</li> </ul> | <ul> <li>✓ Yes to all – new regulations required</li> <li>Likely positive impact to employers as to elimination of "zombie" liens" that are filed years after the underlying claim-in-chief has closed, thereby requiring needless cost of litigation and increased financial exposures.</li> </ul>  | \$450 million in savings   |
| Fee Schedules                | <ul> <li>Requires A.D. to develop a medical-fee schedule based on Medicare's resource based Relative Value Scale (RBRVS).</li> <li>Mandates promulgation of ambulatory surgery fee schedule.</li> <li>Mandates promulgation of photocopy fee schedule and rules governing the parameters of these services.</li> </ul>   | <ul> <li>Yes to all – new regulations required</li> <li>Development and promulgation of fee schedules is a positive for employers to reduce financial exposures but will be developed through A.D. regulations.</li> <li>Fee schedule and rules to limit excessive photocopy abuse will have a positive financial impact on employers as photo-</li> </ul>   | WCIRB is unable to provide an estimate of the impact of these savings. |

# PEPIP POLLUTION COVERAGE BEST REPORTING PRACTICES INFORMATION ITEM

**ISSUE:** PEPIP has developed PEPIP Pollution Best Practices for Loss Reporting. This document outlines the steps that should be taken at the time of an environmental incident to assure that the Pollution coverage offered with ACE through PEPIP if fully available for claims payment.

FISCAL IMPACT: None

**RECOMMENDATION**: None. This is provided as information only.

**BACKGROUND:** The Public Entity Property Insurance Program (PEPIP) includes some coverage for pollution.

**ATTACHMENTS:** PEPIP Pollution: Essential Loss Reporting Practices document.

# **PEPIP Pollution: Essential Loss Reporting Practices**

We are pleased to provide you with the attached document titled *PEPIP Pollution Essential Loss Reporting Practices*. These four pages outline the steps that should be taken at the time of an environmental incident to assure that the Pollution coverage offered with ACE through PEPIP if fully available for claims payment. We ask that you review this document and provide copies to all appropriate colleagues in advance of a possible incident.

Coverage under Pollution policies is dependent on specific compliance with claims and loss reporting; *especially* in the case of "Emergency Response" expenses that you may incur to address a *Sudden and Accidental* type loss. For these "Emergency Response" expenses there is a strict seven (7) day window, <u>following discovery of a "Pollution Condition" by the "Insured"</u>, after which reasonable expenses will not be reimbursed unless the carrier has given prior consent. It is **Extremely Important** that a Sudden and Accidental exposure be reported **immediately**, and clearly no later than seven (7) days. The following pages provide you with relevant information and material to comply with this important client obligation.

We would like to point out to you some of the key sections of the 2012/13 ACE policy which address the "Emergency Response" and reporting provisions; they include the following:

#### **III. DEFENSE AND SETTLEMENT**

C. The "insured" shall have the right and duty to retain a qualified environmental consultant to perform any investigation and/or remediation of any "pollution condition" covered pursuant to this Policy. The "insured" must receive the written consent of the Insurer prior to the selection and retention of such consultant, except in the event of an "emergency response". Any costs incurred prior to such consent shall not be covered pursuant to this Policy, or credited against the "self-insured retention", except in the event of an "emergency response".

Alliant Comment: This section of the policy says the Insured has the RIGHT AND DUTY to retain a qualified consultant to do the work, then makes the insured get written agreement first unless it is an "emergency response" (see definition below) situation.

#### V. DEFINITIONS

**F.** "Emergency response" means actions taken and reasonable "remediation costs" 7 days following the discovery of a "pollution condition" by an "insured" in order to abate or respond to an imminent and substantial threat to human health or the environment arising out of such "pollution condition".

#### T. "Pollution condition" means:

- **2.** The discharge, dispersal, release, escape, migration, or seepage of any solid, liquid, gaseous or thermal irritant, contaminant, or pollutant, including smoke, soot, vapors, fumes, acids, alkalis, chemicals, hazardous substances, hazardous materials, or waste materials, on, in, into, or upon land and structures thereupon, the atmosphere, surface water, or groundwater.
- **V.** "Remediation costs" means reasonable expenses incurred to investigate, quantify, monitor, mitigate, abate, remove, dispose, treat, neutralize, or immobilize "pollution conditions" to the extent required by "environmental law".

#### **VII. REPORTING AND COOPERATION**

- **A.** The "insured" must see to it that the Insurer receives written notice of any "claim" or "pollution condition", as soon as practicable, at the address identified in Item **7.a.** of the Declarations to this Policy. Notice should include reasonably detailed information as to:
  - **1.** The identity of the "insured", including contact information for an appropriate person to contact regarding the handling of the "claim" or "pollution condition";
  - 2. The identity of the "covered location" or "covered operations";
  - 3. The nature of the "claim" or "pollution condition"; and
  - **4.** Any steps undertaken by the "insured" to respond to the "claim" or "pollution condition". In the event of a "pollution condition", the "insured" must also take all reasonable measures to provide immediate verbal notice to the Insurer.

#### **B.** The "insured" must:

- **1.** As soon as practicable, send the Insurer copies of any demands, notices, summonses or legal papers received in connection with any "claim";
- 2. Authorize the Insurer to obtain records and other information;
- 3. Cooperate with the Insurer in the investigation, settlement or defense of the "claim";
- **4.** Assist the Insurer, upon the Insurer's request, in the enforcement of any right against any person or organization which may be liable to the "insured" because of "bodily injury", "property damage", "remediation costs" or "legal defense expense" to which this Policy may apply; and
- **5.** Provide the Insurer with such information and cooperation as it may reasonably require.
- **C.** No "insured" shall make or authorize an admission of liability or attempt to settle or otherwise dispose of any "claim" without the written consent of the Insurer. Nor shall any "insured" retain any consultants or incur any "remediation costs" without the prior express written consent of the Insurer, except in the event of an "emergency response". (Emergency Response coverage is limited to the first 7 days)
- **D.** Upon the discovery of a "pollution condition", the "insured" shall make every attempt to mitigate any loss and comply with applicable "environmental law". The Insurer shall have the right, but not the duty, to mitigate such "pollution conditions" if, in the sole judgment of the Insurer, the "insured" fails to take reasonable steps to do so. In that event, any "remediation costs" incurred by the Insurer shall be deemed incurred by the "insured", and shall be subject to the "self-insured retention" and Limits of Liability identified in the Declarations to this Policy.

**The Bottom Line** is; if you have a **Sudden and Accidental** spill, please and **Call us Immediately** -- let's get the any Incident reported to properly protect coverage for these unexpected events.

PLEASE NOTE: Additional PEPIP limits are included in the main form under the General Provisions Section I., Limits of Liability. Coverage for Accidental Contamination has an additional sublimit of \$250,000 excess of your standard PEPIP deductible so coverage can also be trigger under the terms of that policy. Reporting follows the standard claims system currently in place.

**Environmental Risk** 

#### IN THE EVENT OF AN

### **ENVIRONMENTAL EMERGENCY:**

- 1) Follow your company procedures for reporting and responding to an incident
- 2) Alert local emergency authorities, as appropriate
- 3) Report the incident to ACE Environmental Risk immediately at:

888-310-9553

# All pollution incidents must be reported within: SEVEN (7) days of Discovery

Be prepared to give basic information about the location and nature of the incident, as well as steps which have been taken in response to the incident. You will be contacted by a trained representative of ACE to discuss further response steps as soon as possible.

- 4) Contact your Alliant representatives and use the reporting guidelines that follow:

#### NCCSIF LONG RANGE PLANNING ITEMS LIST

#### **INFORMATION ITEM**

**ISSUE**: The Long Range Planning Items List provides the Board with a working document detailing items that have developed from Long Range Planning meetings, the action to be taken, who are responsible and the status.

FISCAL IMPACT: None.

**RECOMMENDATION:** Staff recommends the Board of Directors review the attached Long Range Planning Items List and provides feedback and/or amendments to this timeline while also indentifying any other specific topics that should be added to this document for consideration during the upcoming Long Range Planning Session in December 2012.

**BACKGROUND:** At least every two years the Board conducts a Long Range Planning meeting to consider and develop Action Items to further address during the years(s). Historically this has been held in December. The NCCSIF Board of Directors is tasked with the development of Long Range Planning to establish its long-range vision for NCCSIF and assign responsibilities and tasks in order to accomplish its vision. The last meeting was held December 14, 2011.

Jan. 2012, NCCSIF contracted with Bickmore Risk Services for risk management services. BRS completed a matrix which has been presented to the Board and is available on the website. The Matrix provides the types of training available and how to avail the training, i.e., on site or on line and the cost if any. BRS will be issuing quarterly newsletters.

BRS is currently evaluating each member by doing assessments of the cities. They will provide a scorecard after these are finalized and develop training needs for individual members as well as the entire JPA as a whole.

#### NCCSIF LONG RANGE PLANNING SESSION UPDATE

#### **INFORMATION ITEM**

**ISSUE**: Long Range Planning Session is an important process for improved JPA operations and is required by CAJPA for NCCSIF's accreditation every two years. At the September 13, 2012 Executive Committee meeting the Committee decided to hold a Long Range Planning Session to address the financial components of the NCCSIF pool that are currently impacted due to the economy which would include the following:

- 1. Reduction of equity in the Liability shared layer;
- 2. Confidence level funding;
- 3. Investment income earned verses rates used for discounting losses;
- 4. Assessment and Distributions from Retrospective Rating programs; and
- 5. Financial solvency of members.

**FISCAL IMPACT:** None (except for regular Board meeting costs).

**RECOMMENDATION:** Board Members should review the following outline and comment on content and suggest additional topics that may be appropriate.

**BACKGROUND:** Long Range Planning can take many forms. This year the EC is suggesting that NCCSIF hold a Long Range Planning Session to discuss the key items as outlined above.

#### CSAC-EIA Payroll Audit 11/12 Assessment

#### **INFORMATION ITEM**

**ISSUE**: CSAC-EIA annually performs a Payroll Audit for its members to determine whether an assessment or a credit should be applied upon receipt of members' June 30<sup>th</sup> DE-9 Reports. This year NCCSIF's Actual 2011/12 Payroll was \$159,050,675 which was \$7,282,950 higher than the estimated payroll of \$151,767,725 resulting in an additional premium of \$22,635 for the policy year.

Members should take action on payment options as listed below:

- 1. Receive an invoice to be paid separately by members prior to June 30, 2013.
- 2. Apply payment to the 2013/14 CSAC-EIA Excess Workers' Compensation premium.

FISCAL IMPACT: \$22,635 additional premium due to CSAC-EIA.

**RECOMMENDATION:** None.

**BACKGROUND:** This is an annual Payroll Audit done by CSAC-EIA according to their Excess Workers' Compensation program provisions.
