UPCOMING MEETING

Police Risk Management Committee Meeting - August 6, 2020

Per Government Code 54954.2, persons requesting disability related modifications or accommodations, including auxiliary aids or services in order to participate in the meeting, are requested to contact Jenna Wirkner at Alliant Insurance Services at (916) 643-2741.

The Agenda packet will be posted on the NCCSIF website at www.nccsif.org. Documents and materials relating to an open session agenda item that are provided to the NCCSIF Police Risk Management Committee less than 72 hours prior to a regular meeting will be available for public inspection and copying at 2180 Harvard Street, Suite 460, Sacramento, CA 95815.

Access to some buildings and offices may require routine provisions of identification to building security. However, NCCSIF does not require any member of the public to register his or her name, or to provide other information, as a condition to attendance at any public meeting and will not inquire of building security concerning information so provided. See Government Code section 54953.3.

Agenda Item E.

CONSENT CALENDAR

ACTION ITEM

ISSUE: The Police Risk Management Committee (PRMC) reviews items on the Consent Calendar, and if any item requires clarification or discussion a Member should ask that it be removed for separate action. The PRMC should then consider action to approve the Consent Calendar excluding those items removed. Any items removed from the Consent Calendar will be placed later on the agenda during the meeting in an order determined by the Chair.

RECOMMENDATION: Adoption of the Consent Calendar after review by the PRMC.

FISCAL IMPACT: None.

BACKGROUND: The following items are placed on the Consent Calendar for approval. The PRMC may approve the Consent Calendar items as presented, or any individual may request that an item be removed for discussion and separate action may be taken during the meeting.

MEMBERS PRESENT

Chief Robert Thompson, Dixon PD
Lt. Ryan Elmore, Elk Grove PD
Chief Tod Sockman, Galt PD (**Vice-Chair**)
Chief Allen Byers, Gridley PD
Chief Doug Lee, Lincoln PD
Lt. Gil Zarate, Oroville PD

Chief James Ortega, Placerville PD
Chief Kyle Sanders, Red Bluff PD (**Chair**)
Chief Jackson Harris, Rio Vista PD
Chief Chad Butler, Rocklin PD
Chief Robert Landon, Yuba City PD

OTHER MEMBERS PRESENT

Sgt. Lindsey Goesch, Elk Grove PD
Lt. Steve Solano, Oroville PD
Asst. Chief Jeremy Garcia, Yuba City PD

Jose Jasso, City of Rio Vista
Marni Rittburg, City of Rio Vista

GUESTS & CONSULTANTS

Raychelle Maranan, Alliant Insurance Services
Tom Kline, Sedgwick
Dave Beal, Sedgwick

Dori Zumwalt, Sedgwick
Jill Petrarca, Sedgwick
Captain Fred Bobbitt, Fremont PD (Guest speaker)

A. CALL TO ORDER

Chief Kyle Sanders called the meeting to order at 10:00 a.m.

B. APPROVAL OF AGENDA AS POSTED

A motion was made to approve the Agenda as posted.

MOTION: Robert Landon

SECOND: Jackson Harris

MOTION CARRIED

C. PUBLIC COMMENTS

There were no public comments.

D. CONSENT CALENDAR

1. Police Risk Management Committee Meeting Minutes - November 7, 2019

A motion was made to approve the Consent Calendar as presented.

FEBRUARY 6, 2020**

E. RISK MANAGEMENT

E.1. Police Risk Management Grant Funds

Mr. Tom Kline indicated that the NCCSIF members have funded grants totaling \$50,000 per year for their police departments to purchase and implement Body-Worn Cameras (BWC) since FY 14/15. The usage report was presented to ensure members are aware of the available grants for their agencies. The Committee requested to continue the grant for FY 20/21.

It was noted that VieVu was acquired by Axon. The cost of staffing and storage needed to manage the BWC program continues to be an issue for smaller agencies. The LensLock BWC program offers an integrated solution for NCCSIF member agencies. Its turn-key model may be a better option as it includes equipment, maintenance and secured storage for a flat fee of \$1,000 per officer per year, over a five-year contract period. Chief Chad Butler indicated that Rocklin PD was pleased with their partnership with LensLock.

A motion was made to continue funding of Police Risk Management Grant and use the same allocation of \$50,000 for FY 20/21.

MOTION: Robert Thompson **SECOND:** Robert Landon **MOTION CARRIED**

E.2. Legislation Focus

Mr. Kline briefly discussed the components of two particular laws, AB 748 and SB 1421. Additional information was provided during the training session.

E.3. Cordico Mobile Wellness Apps Pricing

Ms. Raychelle Maranan indicated that Alliant obtained a group pricing quote for the Cordico Wellness App at a discounted rate of 10%. Further savings can be afforded at a 20% discount if all seven members that were quoted decide to participate. The pricing is for the app and features only, but not for professional services.

The Committee had a general discussion on the benefits of the Cordico Wellness apps and variables on pricing. Its innovative mobile technology is available 24/7/365, providing immediate handheld access to powerful wellness tools.

Lt. Ryan Elmore of Elk Grove PD indicated that a critical incident debrief was added as a component part of their wellness service.

Chief Robert Landon of Yuba City PD requested to include them in the quote for Wellness App.

**NORTHERN CALIFORNIA CITIES SELF INSURANCE FUND
POLICE RISK MANAGEMENT COMMITTEE MINUTES
ROCKLIN EVENT CENTER, ROCKLIN, CA
FEBRUARY 6, 2020**

E.4. Technology Discussion

Mr. Kline shared that Folsom PD was the first to bring Vitals App to the West Coast. Vitals platform personalizes community policing as officers arm themselves with information on their smart phone that could assist to de-escalate or resolve a situation by providing a response catered to a person's specific needs and vulnerabilities.

The Committee was made aware of Hound Labs technology as first marijuana breathalyzer.

Chief Thompson of Dixon PD shared about Frontline Public Safety Solutions. It offers a cloud-based platform to facilitate bridging the gap between law enforcement, dispatch and the community. A portal is available to the public where citizens can make requests online for extra patrol, business and vacation checks, and bike management. Thus eliminating phone calls and saving time spent recording them. Another component is QA Tracker that provides quality assurance evaluation of body cameras and squad car video.

E.5. Round Table Discussion

Mr. Tom Kline went over potential future training topics as follows:

- Veritone - video redaction software used to assist with the legal requirements for disclosing video recordings.
- RIPA (Racial and Identity Profiling Advisory)
- Dr. Joel Fay - Mental Health, Crisis Intervention and De-escalation

Chief Landon of Yuba City PD indicated that CHP and City of Oakland are using RIPA.

Lt. Jackson Harris of Solano County Sheriff's Office indicated that the Sheriff's Office is acting as the Police Department for the City of Rio Vista effective February 1, 2020 and he was named as the police chief.

Chief Tod Sockman of Galt PD shared that the City was recently the victim of a cyberattack after hackers got into Galt's computer system on December 16, 2019, shutting down its network and phone lines. It is now mandatory to turn off all computers at the end of the day.

The Committee discussed how each agency handles administration of tax revenue from marijuana dispensary.

F. INFORMATION ITEMS

ROCKLIN EVENT CENTER, ROCKLIN, CA
FEBRUARY 6, 2020**

These items were provided as information only.

Committee break for lunch at 11:01 a.m.

Chief Robert Landon and Assistant Chief Jeremy Garcia of Yuba City PD left during lunch.

The meeting resumed at 11:30 a.m.

Training session was held at 11:30 a.m. on Complying with AB 748 and SB 1421, presented by Captain Fred Bobbitt of the Fremont Police Department.

Captain Bobbitt shared some of the best practices that his City and its police department have implemented to comply with the requirements for disclosing video and audio recordings found in AB 748. Captain Bobbitt also discussed the requirements for the release of peace officer records found in SB 1421. The Fremont PD created a transparency portal on their website designed to provide transparency on police activities, department policies, training materials and agency practices found in SB 978.

The training ended at 12:57 p.m.

G. ADJOURNMENT

The meeting was adjourned at 12:58 p.m.

Next Meeting Date: May 7, 2020

Respectfully Submitted,

Gina Will, Secretary

Agenda Item F.1.

POLICE RISK MANAGEMENT GRANT FUNDS

ACTION ITEM

ISSUE: Over the last six years, the Board has approved a total of \$300,000 in grant funds for Police Risk Management. The Grant Funds Historic Usage Report is included to ensure members are aware of the available grants for their agencies. The Risk Management Committee made a recommendation to maintain the grant funding for FY 20/21 with the same terms regarding use of the funds for Body Worn Camera (BWC) programs or, if the Member's program is fully operational, for other risk management needs.

RECOMMENDATION: Provide feedback and recommendations regarding grant use.

FISCAL IMPACT: Funding at \$50,000 for FY 20/21.

BACKGROUND: The Board approved a FY 14/15 budget of \$50,000 for the purchase of body cameras for NCCSIF's police agencies. The funds were initially used to purchase a total of 58 cameras directly from VieVu at a quantity discount. The FY 15/16 and FY 16/17 budgets of \$50,000 were allocated to the members to fund their body camera programs. When the body camera program at an agency is in place then the member agencies have the option to use the grant funds for other safety and risk management uses such as data storage for body cameras, ballistic vests, vests with load bearing carriers, and wellness. The FY 17/18, FY 18/19 and FY 19/20 budgets of \$50,000 were allocated to the member police agencies for safety and risk management uses. The Committee will make a recommendation to the Board on the grant funding for police for FY 20/21.

Agenda Item F.2.

CORDICO MOBILE WELLNESS APPS PARTICIPATION

ACTION ITEM

ISSUE: The PRMC members were made aware of the Cordico Mobile Wellness Apps for first responders, which is specifically designed to meet the needs of law enforcement. The Cordico Mobile Wellness Apps for Law Enforcement provide wellness resources on demand. This type of resource would fit the criteria for a risk management grant if the member already has a body camera program in place.

The Program Administrator obtained a group pricing quote for the Cordico app for police, fire and their spouses or partners. Pricing for members includes a 10% discount and if the eight members not using it now who expressed interest decide to participate all will get a 20% discount. The pricing is for the app and features only. It does not include the professional services.

RECOMMENDATION: Members have shown interest in the services of Cordico such as the Mobile Wellness App. These members need to confirm their participation so a group purchase contract can be finalized.

FISCAL IMPACT: None.

BACKGROUND: The City of Dixon, City of Elk Grove, and City of Vacaville were early adopters of the Cordico services such as the Mobile Wellness Apps for Law Enforcement. At the February 21, 2019, PRMC meeting, City of Vacaville Police Chief John Carli spoke about his department's experience with the Cordico Mobile Wellness Apps for Law Enforcement and answered questions from the committee members. At the May 2, 2019, PRMC meeting, Cordico CEO, Dr. David Black spoke about the Cordico Mobile Wellness Apps for Law Enforcement and also answered member questions.

LEGISLATION UPDATE

INFORMATION ITEM

ISSUE: There were many bills introduced in the California Legislature 2020-2021 Regular Session which if signed into law may affect police agencies. The legislature is not currently in session so the focus of this legislative update will be the AB 664, Cooper. Workers' compensation: injury: communicable disease.

RECOMMENDATION: Information only.

FISCAL IMPACT: None.

BACKGROUND: The Program Administrators continue to monitor the impact of these new bills as they make their way through the legislative process.

ATTACHMENT(S):

Assemblymembers Cooper, Gonzalez and Bonta Introduce Emergency COVID-19 Legislation to Protect First Responders and Healthcare Workers

SACRAMENTO, CA – Assemblyman Jim Cooper (D-Elk Grove), Assemblywoman Lorena Gonzalez (D-San Diego) and Assemblyman Rob Bonta (D-Oakland) announced the introduction of Assembly Bill 664 in response to the ongoing COVID-19 crisis to protect California’s firefighters, peace officers, and healthcare workers.

“Every day our first responders and healthcare workers are on the frontlines fighting to keep us safe and healthy,” said Assemblymember Jim Cooper. “These workers not only show up to protect us, but they are asked to go toward the risk while most of us are asked to stay away from it. They are heroes and should have the peace of mind that they will be taken care of if they fall ill while providing their vital services to the public,” added Cooper.

AB 664 will ensure that first responders and healthcare workers that are at a heightened risk of exposure to COVID-19 while performing their job duties will be eligible for workplace protections if they fall ill to COVID-19 or any other communicable disease when a state or local government state of emergency is declared.

“This pandemic has put our first responders and frontline healthcare workers at the forefront of the country’s biggest modern crisis,” said Assemblywoman Lorena Gonzalez. “We need to strengthen workplace protections for these heroes if they become sick while protecting the rest of us from COVID-19.”

Under AB 664, workplace protections shall include all of the following: Full hospital, surgical, medical treatment, disability indemnity, and death benefits to all peace officers, firefighters, and healthcare workers who contract COVID-19 or any communicable disease.

“Our frontline healthcare workers and first responders are putting their lives on the line every day during this pandemic,” said Assemblymember Rob Bonta. “As their work puts them at greater risk of exposure to COVID-19, these California heroes, who are selflessly working to protect and heal us, must also, be protected. They should never have to fight for the fair benefits they deserve should they contract the virus. This is the right thing to do for these brave and dedicated Californians.”

Additionally, those persons are entitled to reimbursement of out-of-pocket costs for the purchase of personal protective equipment, medical and living expenses required while performing their essential duties during a state of emergency. An employee who is eligible for compensation should not be required to use accrued vacation leave, personal leave, compensatory leave, sick leave, or any other leave, other than applicable benefits made available in order to be reimbursed.

On March 4, 2020, Governor Newsom declared a state of emergency due to the spread of COVID-19. Firefighters, peace officers, and health care workers are statutory required by the oaths they take to provide vital services during state of emergencies, placing them at heightened risk of exposure to and death from COVID-19. Because of the heightened risk to our most essential workers, it is necessary that this act take effect immediately as an urgency clause.

AB 664 is sponsored by the Los Angeles Police Protective League, Association for Los Angeles Deputy Sheriff's, California Professional Firefighters, and the California Nurses Association.

Assemblymember Cooper represents the Cities of Sacramento, Elk Grove, Galt, and Lodi.

AMENDED IN SENATE APRIL 17, 2020

AMENDED IN ASSEMBLY MARCH 13, 2019

CALIFORNIA LEGISLATURE—2019–20 REGULAR SESSION

ASSEMBLY BILL

No. 664

**Introduced by Assembly Member Cooper Members Cooper and
Gonzalez**
(Principal coauthor: Senator Umberg)

February 15, 2019

~~An act to add and repeal Section 31720.2 of the Government Code, relating to county employees' retirement. An act to amend Section 4663 of, and to add Section 3212.18 to, the Labor Code, relating to workers' compensation, and declaring the urgency thereof, to take effect immediately.~~

LEGISLATIVE COUNSEL'S DIGEST

AB 664, as amended, Cooper. ~~County employees' retirement: permanent incapacity. Workers' compensation: injury: communicable disease.~~

Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Existing law creates a disputable presumption that specified injuries sustained in the course of employment of a specified member of law enforcement or a specified first responder arose out of and in the course of employment.

Existing law also makes an employer liable only for the percentage of permanent disability directly caused by the injury arising out of and occurring in the course of employment. Existing law requires

apportionment of permanent disability to be based on causation, and requires a physician's report addressing the issue of permanent disability to include an apportionment determination in order for the report to be considered complete on that issue. Existing law exempts certain injuries, including the above-described injuries, from the provisions requiring apportionment.

This bill would define "injury," for certain state and local firefighting personnel, peace officers, certain hospital employees, and certain fire and rescue services coordinators who work for the Office of Emergency Services to include being exposed to or contracting, on or after January 1, 2020, a communicable disease, including coronavirus disease 2019 (COVID-19), that is the subject of a state or local declaration of a state of emergency that is issued on or after January 1, 2020. The bill would create a conclusive presumption, as specified, that the injury arose out of and in the course of the employment. The bill would apply to injuries that occurred prior to the declaration of the state of emergency. The bill would also exempt these provisions from the apportionment requirements.

This bill would declare that it is to take effect immediately as an urgency statute.

~~The County Employees Retirement Law of 1937 provides that a member who is permanently incapacitated shall be retired for disability despite age if, among other conditions, the member's incapacity is a result of injury or disease arising out of and in the course of the member's employment, and that employment contributes substantially to that incapacity or the member has completed 5 years of service and not waived retirement in respect to the particular incapacity or aggravation thereof, as specified.~~

~~This bill would require, for purposes of determining permanent incapacity of certain members employed as peace officers in the County of Sacramento, that those members be evaluated by the retirement system to determine if they can perform all of the usual and customary duties of a peace officer, as specified. The bill would apply to members who file applications for disability on or after the effective date of the act, except for cases on appeal at that time. The bill would require the board of retirement to develop a method of tracking the costs of providing permanent disability retirement to the members who become eligible for disability retirement pursuant to the bill's provisions. The bill would repeal these provisions on December 31, 2024.~~

Vote: ~~majority~~^{2/3}. Appropriation: no. Fiscal committee: ~~no~~^{yes}.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 3212.18 is added to the Labor Code,
2 immediately following Section 3212.15, to read:
3 3212.18. (a) This section applies to all of the following:
4 (1) Active firefighting members, whether volunteers, partly paid,
5 or fully paid, of all of the following fire departments:
6 (A) A fire department of a city, county, city and county, district,
7 or other public or municipal corporation or political subdivision.
8 (B) A fire department of the University of California and the
9 California State University.
10 (C) The Department of Forestry and Fire Protection.
11 (D) A county forestry or firefighting department or unit.
12 (2) Peace officers, as defined in Section 830 of the Penal Code.
13 (3) Health care employees who provide direct patient care in
14 an acute care hospital, as defined in subdivision (a) or (b) of
15 Section 1250 of the Health and Safety Code.
16 (4) (A) Fire and rescue services coordinators who work for the
17 Office of Emergency Services.
18 (B) For purposes of this paragraph, “fire and rescue services
19 coordinators” means coordinators with any of the following job
20 classifications: coordinator, senior coordinator, or chief
21 coordinator.
22 (b) In the case of a person described in subdivision (a), the term
23 “injury,” as used in this division, includes direction to enter into
24 quarantine by a licensed health care professional, a public health
25 officer or agency, or the employer as a result of, or exposure to
26 or contraction of, a communicable disease, including coronavirus
27 disease 2019 (COVID-19), that occurs on or after January 1, 2020,
28 and that is the subject of a state or local declaration of a state of
29 emergency that is issued on or after January 1, 2020. For purposes
30 of this section, the injury may occur prior to the declaration of a
31 state of emergency.
32 (c) For an injury described in subdivision (b), the compensation
33 shall include all of the following:
34 (1) Full hospital, surgical, medical treatment, disability
35 indemnity, and death benefits, as provided by this division.

1 (2) (A) Reasonable costs of reimbursement to the employee for
 2 all of the following:
 3 (i) Emergency equipment or personal protective equipment
 4 (PPE) that provides, or is ancillary to other emergency equipment
 5 or PPE that provides, protection from the injury for the person.
 6 (ii) Emergency equipment or PPE that provides, or is ancillary
 7 to other emergency equipment or PPE that provides, protection
 8 for other persons from transmission of the injury by the person.
 9 (iii) Reasonable medical expenses relating to protection from
 10 or treatment of the injury and, in addition, reasonable living
 11 expenses, other than temporary housing costs, that exceeded the
 12 living expenses usually incurred by the person and that were
 13 incurred as a direct result of the injury.
 14 (B) An employee is not required to have been directed to enter
 15 quarantine in order to be eligible for reimbursement of the
 16 expenses described in clause (i) or (ii) of subparagraph (A).
 17 (3) (A) Temporary housing costs, under the circumstances
 18 described in subparagraph (B), incurred by an employee in the
 19 scope of performing duties relating to the declaration of a state
 20 of emergency, as described in subdivision (b), or for the purpose
 21 of protecting others from being exposed to or contracting the
 22 communicable disease.
 23 (B) An employee shall be reimbursed for reasonable temporary
 24 housing costs if the employee is ordered by the employer or is
 25 advised by a licensed physician to enter into or remain in
 26 quarantine in temporary housing because the employee was
 27 exposed to or shows symptoms of the communicable disease, or
 28 because the employee would place other persons at risk of being
 29 exposed to or contracting the communicable disease if the
 30 employee remained in the employee’s principal place of residence.
 31 (d) The injury so developing or manifesting itself in these cases
 32 shall be conclusively presumed to arise out of and in the course
 33 of the employment. This presumption shall be extended to a person
 34 described in subdivision (a) following termination of service for
 35 a period of 90 days, commencing with the last date actually worked
 36 in the specified capacity.
 37 (e) (1) It is the intent of the Legislature in enacting this section
 38 to fully compensate the peace officers, firefighters, and health care
 39 employees whose lives are placed at risk when they are exposed
 40 to or contract COVID-19 or other communicable diseases in the

1 course of performing their duties. To that end, the Legislature
2 finds and declares that whenever a state or local state of
3 emergency, as described in subdivision (b), is declared, both of
4 the following policies and goals should be implemented:

5 (A) Funding necessary to implement this section should be
6 prioritized over other funding authorized for purposes of
7 addressing the state of emergency.

8 (B) An employee who is eligible for compensation pursuant to
9 this section should be reimbursed as described in this section and
10 should not be required to use the employee's accrued vacation
11 leave, personal leave, compensatory leave, sick leave, or any other
12 leave, other than applicable benefits made available pursuant to
13 this division, in order to be reimbursed.

14 (2) It is the intent of the Legislature to strongly encourage the
15 development and implementation of the policies and goals
16 described in paragraph (1) in order to effectuate the intent of the
17 Legislature in enacting this section.

18 SEC. 2. Section 4663 of the Labor Code is amended to read:

19 4663. (a) Apportionment of permanent disability shall be based
20 on causation.

21 (b) A physician who prepares a report addressing the issue of
22 permanent disability due to a claimed industrial injury shall address
23 in that report the issue of causation of the permanent disability.

24 (c) In order for a physician's report to be considered complete
25 on the issue of permanent disability, the report must include an
26 apportionment determination. A physician shall make an
27 apportionment determination by finding what approximate
28 percentage of the permanent disability was caused by the direct
29 result of injury arising out of and occurring in the course of
30 employment and what approximate percentage of the permanent
31 disability was caused by other factors both before and subsequent
32 to the industrial injury, including prior industrial injuries. If the
33 physician is unable to include an apportionment determination in
34 ~~his or her~~ the physician's report, the physician shall state the
35 specific reasons why the physician could not make a determination
36 of the effect of that prior condition on the permanent disability
37 arising from the injury. The physician shall then consult with other
38 physicians or refer the employee to another physician from whom
39 the employee is authorized to seek treatment or evaluation in

1 accordance with this division in order to make the final
 2 determination.

3 (d) An employee who claims an industrial injury shall, upon
 4 request, disclose all previous permanent disabilities or physical
 5 impairments.

6 (e) Subdivisions (a), (b), and (c) do not apply to injuries or
 7 illnesses covered under Sections 3212, 3212.1, 3212.18, 3212.2,
 8 3212.3, 3212.4, 3212.5, 3212.6, 3212.7, 3212.8, 3212.85, 3212.9,
 9 3212.10, 3212.11, 3212.12, 3213, and 3213.2.

10 *SEC. 3. This act is an urgency statute necessary for the*
 11 *immediate preservation of the public peace, health, or safety within*
 12 *the meaning of Article IV of the California Constitution and shall*
 13 *go into immediate effect. The facts constituting the necessity are:*

14 *In light of the Governor’s declaration on March 4, 2020, of a*
 15 *state of emergency due to the spread of coronavirus disease 2019*
 16 *(COVID-19), and because firefighters, peace officers, health care*
 17 *workers, and fire and rescue services coordinators who provide*
 18 *vital services during the state of emergency are at heightened risk*
 19 *for exposure to and death from COVID-19, in order to ensure that*
 20 *these persons are properly reimbursed for their out-of-pocket costs*
 21 *for the purchase of personal protective equipment, medical and*
 22 *living expenses, and temporary housing as soon as possible, it is*
 23 *necessary that this act take effect immediately.*

24 ~~SECTION 1. Section 31720.2 is added to the Government~~
 25 ~~Code, to read:~~

26 ~~31720.2. (a) Notwithstanding subdivision (b) of Section 31720,~~
 27 ~~in determining permanent incapacity for a member who is~~
 28 ~~employed in a position classified as a peace officer under Section~~
 29 ~~830 of the Penal Code, the member, based on the standards~~
 30 ~~specified in Section 1031, shall be evaluated by the existing~~
 31 ~~procedure established by the retirement system to determine if that~~
 32 ~~member can perform all of the usual and customary duties of a~~
 33 ~~peace officer who is described under Section 830 of the Penal~~
 34 ~~Code.~~

35 ~~(b) This section shall apply to a member who files an application~~
 36 ~~for disability retirement on or after the effective date of this section,~~
 37 ~~and shall not apply to an appeal brought before that date.~~

38 ~~(c) This section shall only apply in the County of Sacramento.~~

1 ~~(d) The board shall develop a method of tracking the costs of~~
2 ~~providing permanent disability retirement to the members who~~
3 ~~become eligible for disability retirement under this section.~~

4 ~~(e) This section shall remain in effect only until December 31,~~
5 ~~2024, and as of that date is repealed.~~

Agenda Item F.4.

TECHNOLOGY DISCUSSION

INFORMATION ITEM

ISSUE: The Police Risk Management Committee members will be asked to discuss their experiences with their departments' body cameras, robots, drones, or other emerging technologies such as Vitals App and Hound Labs Breathalyzer.

RECOMMENDATION: None.

FISCAL IMPACT: None.

BACKGROUND: None.

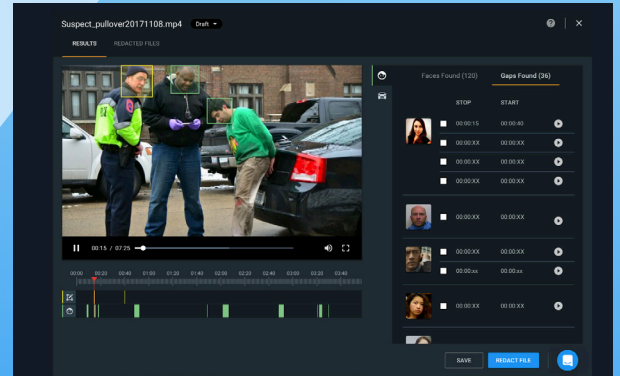

ATTACHMENT(S):

1. Veritone Video Redaction for Law Enforcement and Judicial Agencies
2. LensLock Strategic Risk Management Law Enforcement Initiative

VERITONE REDACT™

For Law Enforcement and Judicial Agencies

Save time and increase productivity by automating the redaction of faces and sensitive imagery in audio and video evidence.

AUTOMATED AUDIO & VIDEO EVIDENCE REDACTION

Expedite Redaction of Any Sensitive Items

- Automatically detect faces within video evidence, with results displayed in previewable groups by likely individual for quick and easy review.
- Select any sensitive image or audio portion then optionally track the defined images forward in the video evidence, expediting a once manual process.
- Modify a previously redacted video or audio file from the last version if any personally identifiable information (PII) is missed.

Fulfill Chain of Custody Requirements

- Capture comprehensive reporting of all actions taken against redacted video or audio evidence to support compliance with chain of custody requirements.
- Download all actions as audit logs in Excel file format along with redacted audio or video file.

Search Audio Transcripts to Find Key Info

- Listen to the audio while the transcript tracks along karaoke style - click on any word within the transcript to listen in
- Type keywords into the search bar and press enter to view them highlighted within the transcript
- Click on the time bar to see the start and end time of a highlighted audio segment

Collaborate Easily Across Agencies

- Manage digital evidence redaction workloads by tagging video or audio evidence with its status in the approval workflow.
- Download and send shareable redacted audio or video evidence files for quick distribution in existing inter and intra-agency workflows.

Problems – Solutions - Benefits

Police body-worn cameras are small video cameras—typically attached to an officer's clothing, helmet, or glasses that can capture, from an officer's point of view, video and audio recordings of activities, including traffic stops, arrests, searches, interrogations, and critical incidents such as officer-involved shootings. Proponents argue that police body camera programs increase police accountability, thereby strengthening the public trust. Opponents argue that these programs pose risks to individual privacy and may hamper the efforts of law enforcement.

Body cameras provide numerous benefits to the law enforcement agencies that implement them. BWC technology increases police accountability by documenting incidents and encounters between officers and the public. They aid in avoiding confrontational situations by improving officer professionalism and the behavior of people being recorded. The video evidence resolves officer-involved incidents and complaints by providing a more accurate record of events.

Agency transparency improves as a whole, by allowing the public to see video evidence of police activities and encounters. Footage captured by body cameras also can identify and correct internal agency problems by revealing officers who engage in misconduct and agency-wide problems, as well as strengthen officer performance by using footage for officer training and monitoring. Lastly, effective video data management streamlines evidence documentation for investigations and prosecutions, thus saving time and money.

NCCSIF - LensLock Partnership Overview

As NCCSIF continues its mission to deliver competitive, available, responsive, equitable, and stable risk-coverage programs, it needs the right partner to equip its law enforcement members with body worn & in-vehicle dash camera technology that can collect, protect, and manage sensitive data on a reliable SaaS platform.

Technology makes a vital contribution in shaping the role of a law enforcement officer. That role is under constant public scrutiny, often resulting in juries returning large verdicts against law enforcement agencies. However, introducing this solution with a paradigm of transparency and accountability mitigates risk and exposure to litigation or unwanted complaints from citizens.

Through a partnership between NCCSIF and LensLock, any and all NCCSIF members can become equipped and prepared to capture video from SaaS portal audio-video recording devices that can be uploaded to a CJIS compliant Microsoft Azure cloud service for easy retrieval and review.

NCCSIF and LensLock will assist departments in project management for the use of either of both body worn and in-vehicle cameras, as well as full implementation of the SaaS platform and mobile application. Accurate documentation of all interactions between officers and citizens, or incidents as defined by department policy, allows officers to maintain a secure chain of custody and record of events.

With a streamlined technological solution in place, NCCSIF law enforcement department members can proactively manage legal liability with a proper risk reduction response that addresses a growing concern from the citizens and the populations they serve.

About LensLock, Inc.™

LensLock has created a truly turn-key body worn camera and in-vehicle dash cam solution for law enforcement agencies. This is a scalable Software-as-a-Service (SaaS) secure cloud service focused on ensuring that digital video and data captured by end customers is safely maintained in our Microsoft Azure Government Cloud solution.

LensLock's secure video management platform brings peace of mind to law enforcement officers, while maintaining an end-to-end chain of custody that guarantees digital evidence has not been compromised. LensLock utilizes a digital fingerprint at the time of capture, combined with other metadata attributes, so customers can manage their critical data evidence 24/7.

Data Storage

Secure data storage is at the core of everything we do at LensLock. We have developed an enriched SaaS platform for the management of mission-critical video data. The primary focus is to provide a method of gathering, maintaining, and storing digital evidence with a secure chain of custody. Additionally, LensLock created a seamless cloud architecture to assist law enforcement agencies in accessing the data at any time or place for complete scene reconstruction.

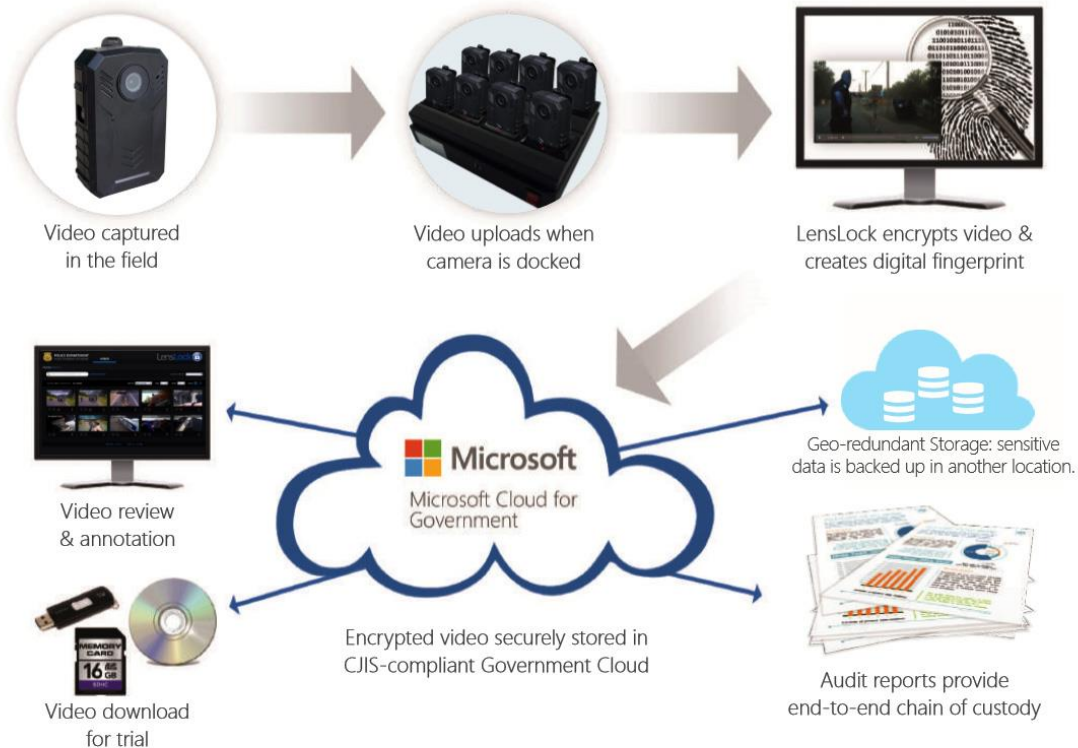

Data Management

LensLock customer data is managed by strict policies compliant with the established ^(SEP)FBI CJIS (Criminal Justice Information Services) Security requirements regarding digital evidence management. LensLock assists agencies during every step of the way in training, quality assurance, and recreation of any and all digital data that has been collected. End-to-end digital evidence management is provided by LensLock through a suite of products and services that have been developed and tailored to meet end-customer needs.

Integrated Body Cams & Dash Cams

LensLock is a technology company that offers the latest innovations in body worn cameras (BWCs). LensLock is proud to partner with the top camera manufacturers in the industry to deliver the highest quality, advanced features, and world-class technical support and customer service. LensLock's BWCs offer automatic video offload, 8 hours of continuous record, one-button record, wide-angle lens, 480p up to 1296p HD video, and secure encryption for unauthorized access. They are waterproof and 2M shockproof. LensLock is committed to working with your current camera supplier to secure your digital evidence moving forward.

How LensLock Works

NCCSIF Implementation Strategy of “Starter Kit” Program

Segmentation of NCCSIF Members

With your approval and participation, LensLock will take a segmented market approach of offering a FREE, no cost, no obligation Pilot Program to all NCCSIF members over the course of the 2018 fiscal year, leading to the goal of a 100% adoption by July 1, 2020.

LensLock has broken down NCCSIF membership into subset groups based on general interest levels and those department currently using old or outdated equipment. We can target any member departments for our initial program introduction and leverage program success for other NCCSIF cities based on geographical location, with zero exclusions.

For all NCCSIF members, LensLock will follow the same three-part process listed below, with varying milestone adjustments based on the comfort level of the department and tailored to their unique needs.

I. INTRODUCTION

NCCSIF Member Support Initiatives

- **Starter Kit**
- **Pilot Program Introduction**

Starter Kit

All members will receive a LensLock Starter Kit by way of introducing the technology and its capabilities. The Starter Kit will include:

- Risk-management loss prevention initiative announcement for BWC from NCCSIF Executive Leadership
- Marketing collateral outlining market research for BWC industry, market differentiators of LensLock, brochure outlining product specifications and overview
- One pre-programmed LensLock BWC and full suite of accessories
- Implementation workbook
- Sample policy template
- Contact information for LensLock Support Team

We would like NCCSIF to mail starter kit boxes to your members over a pre-planned 3-month period. The entire box and its' contents will be co-branded with the NCCSIF logo and LensLock, Inc. logo. LensLock will create all the starter kit boxes. We would like NCCSIF to simply ship the pre-packaged boxes and pay for the shipping costs.

LensLock Pilot Program

The LensLock Pilot Program allows law enforcement agencies to implement the technology at no-cost, no-obligation for 60 days. After 60 days, the LensLock support team will fully install and integrate technology for agencies.

II. IMPLEMENTATION

Key Member Support Initiatives

1. Implementation Workbook

System Access

The LensLock support team will work with agencies to determine the appropriate administrator and supervisor access to the platform. In coordination with the LensLock support team, system Administrators will create accounts for the first upload of officers to access the platform, run a test video upload, and determine appropriate level of access to the platform and data stored for other officers, deputies, or supervisors.

III. INTEGRATION

Key Member Support Initiatives

- 1. On-site demonstrations**
- 2. Teleconference communication**
- 3. Guided webinars**

System Use

To best understand the system and integrate it into your department's everyday use, the LensLock support team will provide varying levels of service dependent upon the department's needs, including on-site training, teleconference communication, and guided online webinars giving an overview of the technology and its benefits.

LensLock Ongoing Support

Our team will also review best practices to put in place for use of LensLock technology, including retention standards for videos (i.e., days, weeks, or months specified before purging videos), video tagging and identification (e.g., citation, non-criminal), and possible further integration solutions with RMS and CAD metadata tagging.

The support team can recommend policies for LensLock BWC department use based on statewide-adopted procedures. A sample policy is included in the Starter Kit for departments to reference and adjust for their individual operation. Agencies using

LensLock will have access to end-user training on system use via on-site, online, or webinars depending on the department's needs.

Our support team includes subject matter experts trained on portable audio-video recording equipment. We will assist your agency in staying on the leading edge of innovative technology that can revolutionize your department.

Any defective equipment will be replaced with spare units on site or couriered to the agency within 24-48 hours if not available on site.

Members not yet prepared to engage in a BWC technology pilot program will have an opt-out option.

Disaster Recovery Procedures

Recovery monitors the state of your protected evidence continuously and remotely from Azure. LensLock data servers are replicated between two geographical distinct sites. When replicating to Azure as the secondary site, your data in flight is encrypted and also encryption for data-at-rest.

Automate the orderly recovery of services in the event of a site outage at the primary datacenter with Site Recovery. Bring over applications in an orchestrated way to help restore service quickly, even for complex multi-tier workloads. The disaster recovery plans LensLock has executed are simple to meet your business/policy requirements. Recovery tests are completed on an annual basis to maintain compliance.

SCHEDULE

Implementation Evaluation

After complete implementation of LensLock technology and use, the LensLock support team will work with individual agencies to conduct a thorough evaluation of the system's use to best meet department needs, ensuring a successful continue partnership between LensLock and NCCSIF members.

The LensLock team always has the customer in mind at the forefront of all decisions we make. We will rely on our trusted partners and departments to help determine the best product enhancements and future development of technology. We will work with members to innovate and be the leaders in mobile video solutions for law enforcement.
